The City of SPRUCE GROVE

INFORMATION REQUEST

INFORMATION REQUEST #: IR-020-26

REQUESTED BY: **Mayor Acker**

TOPIC: **Extra Organics Collection Data**

DATE OF REQUEST: **November 3, 2026**

DATE OF RESPONSE: November 4, 2026

QUESTION: What is the tonnage we collect from our extra organics collection event?

Response

We have compiled a comparison for the extra organics event over the last 3 years:

	Regular Collection	**Extra Pickup**
2023	3223 MT	47 MT
2024	2862 MT	62 MT
2025	3304 MT	41 MT

Background

The City provides four seasonal extra organics collection events each year (two in spring and two in fall) for yard waste that does not fit in green carts. Outside of these events, collection is limited to material that fits within the organics cart with the lid closed.

Financial Implications / Taxation Impact

The extra organics pickup events are currently funded in the Solid Waste Utility Budget.
