SCHEDULE A:  City of Spruce Grove Land Use Bylaw – Maps 1 to 15
PART 1 – ENACTMENT AND ADMINISTRATION

SECTION 1 TITLE

(1) This Bylaw is the Land Use Bylaw of the City of Spruce Grove in the Province of Alberta, and is referred to throughout as “this Bylaw.”

SECTION 2 PURPOSE

(1) The purpose of this Bylaw is to regulate the use and development of land and Buildings within the City of Spruce Grove to achieve the orderly and economic Development of land in the City. In pursuit of that purpose, this Bylaw will:

   (a) Divide the City of Spruce Grove into land use Districts;

   (b) Prescribe and regulate for each District the purpose for which land and buildings may be used;

   (c) Specify how many Dwellings are allowed per Site;

   (d) Establish the office of a Development Authority;

   (e) Establish the method of making decisions on applications for Development Permits including the issue of Development Permits; and

   (f) Prescribe a procedure to notify owners of land likely to be affected by the issue of a Development Permit.

SECTION 3 APPLICATION

(1) Except as provided hereafter, this Bylaw applies to the whole City of Spruce Grove, including all lands and Buildings contained within its corporate limits.

(2) This Bylaw does not apply to any lands contained within a registered public road plan.

SECTION 4 OTHER LEGISLATIVE REQUIREMENTS

(1) Nothing contained within this Bylaw and no approval or permit issued hereunder relieves any person from the requirement to comply with the provisions of any other applicable Federal, Provincial or municipal law nor the provisions of any caveat, easement or other instrument affecting a Building or land.
SECTION 5 TRANSITION

(1) No provision of any other Bylaw with respect to districting, development control, development schemes and land Use classifications shall hereafter apply to any parts of the City described in this Bylaw, except as specifically provided for in this Bylaw.

(2) The City of Spruce Grove Land Use Bylaw C-721-09, as amended is repealed.

(3) The provisions of this Bylaw come into effect on January 1, 2013 (the “Effective Date”).

(4) The Density regulations of the R1 and R2 Districts shall apply only to development where less than 30% of the Plan area is developed in accordance with Policy 5.2.4.1 of the Municipal Development Plan. The Development Officer shall consider the applicable Area Structure Plan, character, built form and density of existing development when reviewing Development Permit applications and applications to amend the Land Use Bylaw in these circumstances.

(5) Subject only to the provisions in the Municipal Government Act respecting legal non-conforming Uses and notwithstanding the effect it may have on rights, vested or otherwise, the provisions of this Bylaw govern from the Effective Date onward. In particular, no application for a Development Permit shall be evaluated under the procedural or substantive provisions of the previous Land Use Bylaw after the Effective Date, even if the application was received before the Effective Date.
PART 2 – INTERPRETATION AND DEFINITIONS

SECTION 6  INTERPRETATION

(1) Notwithstanding the definitions in Part 2, the Municipal Government Act as amended, takes precedence in the case of a dispute on the meaning of any words or clauses herein.

(2) The words “shall” and “must” require mandatory compliance except where a variance has been granted pursuant to the Act or this Bylaw.

(3) Words, phrases, and terms not defined in this part may be given their definition in the Act or the Alberta Building Code. Other words shall be given their usual and customary meaning.

(4) All units of measure contained within this Bylaw are metric (SI) standards.

(6) The terms “municipality” or “City” in this Bylaw shall refer to the municipal corporation of the City of Spruce Grove in the Province of Alberta, unless otherwise noted.

(7) The term “Council” in this Bylaw shall refer to the Council of the municipal corporation of the City of Spruce Grove in the Province of Alberta, unless otherwise noted.

(i) A copy of the certificate of title for the subject property, issued within fifteen business days prior to the application date;

(j) A fee as set out in the Development Fees Bylaw;

(l) Such additional information as the Development Officer may deem necessary.

(Bylaw C-1057-18, March 18, 2019)

(2) The Development Officer shall review each application for Development Permit to ascertain whether it is complete in accordance with the information requirements of this Bylaw, and shall, if the application complies with such requirements, enter the application in the record of applications in accordance with Section 8 of this Bylaw.

(3) Pursuant to the City’s Municipal Development Standards, applications for Development Permits shall not be accepted unless the required Construction Completion Certificate is granted by the Engineering Department.

(Bylaw C-900-15, Feb. 23, 2015)

(Bylaw C-1104-19, May 29, 2020)

(4) When a Development Permit Application is for an activity involving the use, manufacturing or storage of hazardous substances, the Development Officer may require the applicant to submit a risk assessment prepared by a qualified environmental professional such as an engineer, biologist, planner, geologist or hydrogeologist. The Development Officer may impose any conditions necessary to mitigate the risks associated with the use, manufacturing or storage of hazardous substances identified in the assessment.

(Bylaw C-1104-19, May 29, 2020)

SECTION 13 DECISIONS ON DEVELOPMENT PERMITS

(1) A complete application for a Development Permit shall be considered by the Development Officer who shall:

(a) Approve, with or without conditions, an application for a Permitted Use where the proposed Development conforms to this Bylaw;

(b) Approve, with or without conditions, or refuse an application for a Discretionary Use;

(c) Notwithstanding Section 8(2)(f) of this Bylaw, if a proposed Use of land or a Building does not conform to the wording of any Use definition or generally
conforms with the wording of two or more Use class definitions in the District, the Development Officer may, in his or her discretion, determine that the Use conforms to and is included in the Use class which he or she considers most similar in character and General Purpose to a Use permitted in that Land Use District and may allow the Development as a Discretionary Use; and

(d) Notwithstanding any provisions or requirements of this Bylaw, the Development Officer may establish a more stringent standard for a Discretionary Use when the Development Officer deems it necessary to do so.

(2) For a Permitted or Discretionary Use, the Development Officer may require any or all of the following:

(a) That the applicant enter into an agreement with the City to construct or pay for construction of roadways, Utilities, walkways, parking and loading areas, and any Off Site levies or redevelopment levies imposed by bylaw. To ensure compliance with the conditions of the agreement a caveat may be registered on the certificate of title to be filed on the subject Site in favour of the City;

(b) Financial guarantees in a form and amount acceptable to the City to secure performance of any of the conditions of a Development Permit;

(c) That servicing for the supply of water, electric power, sewerage and Street access are extended to the subject Site, including payment of the costs for installing or constructing any such Utility by the applicant. In the case that satisfactory arrangements for services cannot be made, the Development Permit shall be refused.

(3) Prior to issuing a decision, the Development Officer may refer any application to any municipal department or external agency for comment where applicable.

(4) For a Development Permit application in a Direct Control District, the Development Officer shall:

(a) Make a decision where Council has delegated its authority to the Development Officer, based on Council’s instructions and this Bylaw; or

(b) Prepare a recommendation for Council to make a decision regarding the Development Permit application where Council has not delegated authority to the Development Officer. The recommendation may be for approval with or without conditions, or a refusal with reasons given for the refusal.

(5) Council may, pursuant to the provisions of the Municipal Government Act and by an amendment to this Bylaw, designate any area of land a Direct Control District.

(6) The Bylaw creating a Direct Control District shall:
(a) Provide for the one or more Uses of land available in that District;

(b) Provide for the land use regulations applicable to that District, either in addition to the regulations of this Bylaw, or in substitution therefore or in any combination thereof;

(c) Identify the Development Officer and any particular methods of Development approval applicable to that District; and

(d) Such other matters as Council may determine to be desirable or required.

**SECTION 14  VARIANCES**

(1) The Development Officer may allow a variance to a Development regulation provided that the Development Officer is of the opinion that:

(a) The variance does not unduly interfere with the amenities of the neighbourhood or materially interfere with or affect the use, enjoyment or value of neighbouring Sites; and

(b) The proposed Development conforms with the Use prescribed for that land or Building in this Bylaw.

(2) In addition to the consideration provided under Section 14(1) of this Bylaw, and subject to Sections 14(3) and 14(4), a variance may only be granted if, in the opinion of the Development Officer the variance:

(a) Requested maintains the intent and purpose of the Municipal Development Plan;

(b) Requested maintains the General Purpose and intent of the Land Use District which is being applied;

(c) Is desirable for the appropriate and orderly Development or Use of the land; and

(d) In the opinion of the Development Officer, is truly minor in nature.

(3) Notwithstanding Sections 14(1) and 14(2) the Development Officer shall not grant a variance from the regulations prescribing Site Coverage, or Density. Further, within the GPL – Greenbury Planned Lot District, the Development Officer shall not grant a variance to the required Side Yard Setback or lot access. Subject to Sections 14(1) and 14(2), the Development Officer may grant a variance from the regulations prescribing Height up to 10% of the maximum prescribed Height.

(Bylaw C-1000-17, June 27, 2017)
(Bylaw C-1057-18, March 18, 2019)
(4) For the Semi-Detached Dwelling and Street Oriented Row Housing Lots that have a lot depth of less than 30 m created prior to the coming into force of this Bylaw (Bylaw C-824-12) and notwithstanding the regulations of the R1 and R2 Districts, the Development Officer may vary the site regulations to reflect those described below:

(Bylaw C-981-16, Jan. 25, 2017)

(a) Site Coverage shall not exceed 65%.

(b) Minimum Front Yard Setback

(i) The minimum Front Yard Setback shall be 4.0 m. Where a residential district across a Street is required to provide a Yard Setback of more than 4.0 m from the Street, each Development in this district shall provide an equivalent Front Yard Setback.

(ii) Where the Front Yard is determined by the Development Officer to be a flanking yard, a flanking yard Setback of twenty percent of the Site Width will be required, at a minimum 2.4 m.

(c) Minimum Side Yard Setback

(i) In the case of one Storey Developments, there shall be one minimum Side Yard Setback of 1.35 m, except in the case of internal Dwellings of Row Housing where the unit sharing two common walls shall have no Side Yard requirements.

(ii) In the case of Row Housing two Storeys or higher, there shall be one minimum Side Yard Setback of 1.5 m, except in the case of internal Dwellings of Row Housing where the unit sharing two common walls shall have no Side Yard requirements.

(iii) A minimum Side Yard Setback of 4.5 m shall be provided where a Site or condominium unit Abuts a Site in another district.

(d) Minimum Rear Yard Setback

(i) The minimum Rear Yard Setback shall be 6.0 m. In the case of a Corner Site, the minimum Setback for the yard flanking the Alley at the rear of the Site shall be 4.5 m.

(5) A variance shall be considered only in cases of hardship or practical difficulties particular to the use, character or situation of land or Buildings which are not common to other Sites in the same Land Use District.

(6) The Development Officer may grant a variance to Setbacks or Site Coverage for a Non-Conforming Building which was approved under a previous Bylaw, where the Building was developed according to the regulations of the previous Bylaw.

(Bylaw C-900-15, Feb. 23, 2015)
(7) All requests for a variance shall be made through a Development Permit application, clearly stating the reasons for the variance, outlining the applicable criteria identified in Section 14(2) of this Bylaw, and the nature of the hardship or practical difficulties that will arise if the variance is not granted.

(8) If a variance is granted pursuant to this Section, the Development Officer shall specify its nature in the Development Permit approval.

(9) A variance may only be granted by the Development Officer to the minimum separation distance for Cannabis Sales to Sites in a residential land use district, as referenced in Section 80D(3), if said property is publicly owned land used for the purpose of a buffer strip, walkway, or public utility lot.

(Bylaw C-1027-17, June 13, 2018)

SECTION 15 CONDITIONS OF DEVELOPMENT PERMIT

(1) The Development Officer, or Council in the case of a Direct Control District, may impose such conditions on the approval of a Development Permit application as are necessary to uphold the intent and objectives of the following:

(a) The Municipal Government Act;

(b) The Municipal Development Plan;

(c) Area Structure Plans or Area Redevelopment Plans; and/or

(d) Subdivision and Development Regulations.

(2) As a condition of approval for a Development Permit, the Development Officer may require that the applicant enter into an agreement with Council as per the Municipal Government Act, to do any or all of the following:

(a) Construct or pay for the construction of:

   (i) A Street required to give access to the Development;

   (ii) A pedestrian walkway system and Sidewalks to provide circulation within the Development, or to give access to an adjacent Site or Development, or both; and

   (iii) Off Street or other Parking Facilities and loading and unloading facilities.

(b) To construct, install or pay for any local improvements and Utilities which are needed to serve the Development, including, but not limited to, On Site stormwater management facilities and any required Easements, and joint drainage and access requirements.
(c) To pay all applicable development charges and levies imposed by bylaw.

(d) To repair or reinstate, to original condition, any street furniture, curbing, sidewalk, Boulevard Landscaping or trees which may be damaged or destroyed or otherwise harmed by Development or building operations upon the Site.

(e) To provide an irrevocable letter of credit, or other form of security acceptable to the Development Officer, to guarantee performance of the conditions of the Development Permit.

(f) To attend to all other reasonable matters the Development Officer considers appropriate.

(3) Development on a Site may be prohibited when satisfactory arrangements have not been made by the developer to complete the required improvements specified in Section 15(2).

(5) To ensure compliance with a development agreement the City may register a caveat against the property being developed which shall be discharged upon the terms of the agreement being met. Costs associated with the preparation and registration of a caveat shall be borne by the applicant. Costs for removal of said caveat shall be borne by the requestor, based upon the fees in the Development Fees and Fines Bylaw.

(5) Subject to this Bylaw, any Statutory Plan, and the Municipal Government Act, the Development Officer may attach whatever conditions it considers appropriate to a Development Permit for either a Permitted or Discretionary Use, including, but not limited to the following:

(a) Landscaping requirements;

(b) Noise attenuation;

(c) Special parking provisions;

(d) Location, appearance and character of the Building;

(e) Provision of a Real Property Report prior to occupancy of the development;

(f) Grading of a Site to protect adjacent properties; and

(g) Ensuring the proposed Development is compatible with surrounding land Uses; and

(h) Limiting hours of operation and number of patrons.
(6) In the absence of an agreement under Section 15(2), the Development Officer may require, as a condition of issuing a Development Permit, that an applicant provide an irrevocable letter of credit or other form of security acceptable to the Development Officer, to ensure completion of the Development in conformance with the Land Use Bylaw, and to cover the cost of repairing local improvements which may be damaged during the process of Development. Any unused portion of the security shall be returned after the final occupancy permit has been issued.

(7) When services or facilities are required, a person shall not begin the excavation for the Foundation nor commence the Development until provision has been made for such services or facilities to the satisfaction of the approving authorities.

SECTION 16 NOTICE OF DEVELOPMENT PERMIT DECISION

(1) All decisions on applications for a Development Permit shall be given in writing to the applicant.

(2) If an application is approved with conditions, the notice of decision shall contain the conditions imposed as part of the approval.

(3) If an application is refused, the notice of decision shall contain the reasons for the refusal.

(4) A notice of decision shall indicate the following:

   (a) The date the decision was made;

   (b) The location and use of the subject Site;

   (c) The decision of the Development Officer; and

   (d) That a development appeal to the Subdivision and Development Appeal Board may be made by a person affected by the issue of a Development Permit for a Discretionary Use or the granting of a variance, or the refusal of a Development Permit, pursuant to the provisions in the Municipal Government Act.

(5) When a Development Permit is approved for a Discretionary Use, or a variance is granted, the Development Officer shall provide notice to the community by undertaking any or all of the following:

   (a) Publishing a notice in the local newspaper;

   (b) Mailing a notice to all assessed property owners who may be affected by the proposed development, or those assessed property owners within 30.0 m of the subject Site, at the discretion of the Development Officer; and/or

   (c) Posting a notice on the City’s website.
A notice described in Section 16(5) shall state the following:

(a) The proposed use of the Development and the variance, if any, granted;

(b) That any person who objects to the proposed Use may make an appeal in writing to the Subdivision and Development Appeal Board; and

(c) The date by which appeals must be received.

For the purpose of this Bylaw, the date a Notice of Decision is deemed to have been given:

(a) On the date the Notice of Decision is issued in accordance with Section 16;

(b) On the date that a written appeal decision is issued for decisions made by the Subdivision and Development Appeal Board;

(c) Any work undertaken by any person with a Development Permit that has been approved prior to the twenty one (21) days within which an appeal may be filed, or prior to an appeal decision made by the Subdivision and Appeal Board, does so at their own risk.

SECTION 17  REFUSED PERMITS

Where an application for a Development Permit has been refused, by either the Development Officer, or the Subdivision and Development Appeal Board, the Development Officer may not accept another application for a Development Permit on the same Site for the same or similar land Use until at least six months after the date of the last refusal.

Notwithstanding the above, the Development Officer may accept a new Development Permit application for a Development that was previously refused if the application is substantially different or requests a variance if a variance was not originally requested.

As per the Municipal Government Act, a Development Permit is deemed refused at the option of the applicant when no Development Permit decision has been made within forty days of the submission of a complete application, unless an agreement to extend the forty day period is entered by the applicant and the Development Officer.

SECTION 18  VALIDITY OF DEVELOPMENT PERMITS
(1) A Development Permit shall expire and shall no longer be valid after one year from the date the Notice of Decision is given, if no construction has been initiated. Construction includes, but is not limited to, Site surface preparation or excavation. Furthermore:

(a) Work such as engineering studies, geotechnical investigations, Site surveys, soils analysis, environmental assessment and the like shall not be considered as construction in the context of this subsection; and

(b) In the case of a change of Use within an existing structure, where no significant construction or reconstruction is necessary, the applicant shall have the new Use in operation within one year of the issue of the Development Permit.

(2) The Development Officer or Council may cancel or suspend a Development Permit, by written notice to the permit holder in the case of the following:

(a) The application for the Development Permit contains a misrepresentation;

(b) The application for the Development Permit was incomplete, in that relevant facts were omitted;

(c) The conditions of the Development Permit are not fulfilled or are not in the process of being fulfilled;

(d) The applicant fails to comply with a Stop Order as per the Municipal Government Act; or

(e) The Development Permit was issued in error.

(3) Where a Development Permit is issued for a Site where any other Development Permit has been approved, all previous permits shall be invalid if the physical aspects of the Development conflict, or both could not occur simultaneously upon the Site, in conformity with the regulations of this Bylaw.

(4) Notwithstanding Section 18 (1) above, time shall not run during an appeal of the Development Permit to the Subdivision and Development Appeal Board and any consequent court proceedings until:

(a) The Subdivision and Development Appeal Board has issued a written decision of its approval of the Development Permit and there is no appeal from this decision of the Subdivision and Development Appeal Board; or

(b) The Alberta Court of Appeal denies leave to appeal; or

(c) The Alberta Court of Appeal has granted leave to appeal, heard the appeal on the merits, made its decision, and any appeal to the Supreme Court of
Canada from that determination by the Alberta Court of Appeal has been finally determined.

(5) The Development Officer or Council may extend the period of time that a development permit is valid for a period not to exceed twelve (12) months, as long as the development that is the subject of the development permit has commenced within twelve (12) months from the date of the issuance of the development permit or, in the opinion of the Development Officer or Council, has been carried out with reasonable diligence.

(Bylaw C-942-15, Jan. 29, 2016)

SECTION 19  DEVELOPMENT APPEALS

(1) An appeal may be made to the Subdivision and Development Appeal Board where a Development Officer:

(a) Refuses an application for a Development Permit;
(b) Fails to issue a decision and the permit is deemed refused;
(c) Issues a Development Permit subject to conditions;
(d) Grants or refuses to grant a variance; or
(e) Issues a Stop Order pursuant to the Municipal Government Act.

(2) The Municipal Government Act shall apply in the case of subdivision or Development appeals, and hearings shall be held in conformance with the process and requirements therein.

(3) Further to Section 19 (2), the Subdivision and Development Appeal Board Bylaw shall set out regulations for the Board and procedures during an appeal.

(4) Decisions made by Council with respect to a Direct Control District are not subject to appeal to the Subdivision and Development Appeal Board.

(5) The Subdivision and Development Appeal Board may direct repayment of an appeal fee if the Board upholds an appeal. The Board may determine that all or part of the appeal fee be returned to the appellant.

SECTION 20  AMENDMENTS OF BYLAW

(1) This Bylaw and all amendments shall be enacted in conformance with the Municipal Government Act, the Subdivision and Development Regulation, the Municipal Development Plan, the relevant Area Structure Plan, and any other relevant Statutory Plan.
(2) All amendments to this Bylaw shall be made following a public hearing in accordance with the Municipal Government Act. An application to amend this Bylaw may be made as follows:

(a) In the case of an application for a redistricting amendment, the Registered Owner or their authorized agent may apply in writing to the City to have the Land Use designation of the Site amended; or

(b) In the case of an application for a text amendment, any person may apply in writing to the City to have the text amended.

(3) Council may initiate amendments to this Bylaw. If deemed necessary, and in accordance with the provisions of the Municipal Government Act, the City may initiate an amendment to this Bylaw affecting any parcel of land without the Registered Owner’s consent.

(4) A person may request an amendment to this Bylaw by applying in writing as described in Section 21 of this Bylaw.

SECTION 21 AMENDMENT APPLICATIONS

(1) A Land Use Bylaw amendment application shall be made to the City on the prescribed form, and shall be signed by the applicant or the applicant’s agent authorized in writing.

(2) The following information and documents shall accompany an application for amendment to the Land Use Bylaw as it applies to the districting of a Site:

(a) The name, address and phone number of the applicant and the Registered Owner of the subject Site, and notice of who will act as the contact person for the application;

(b) A letter of authorization from the Registered Owner of the land, their agent, or other persons having legal or equitable interest in the land;

(c) The legal land description;

(d) If applicable, the municipal address(es);

(e) A current copy of the certificate of title for the lands, searched within thirty days;

(f) A written statement from the applicant explaining the reasons for the proposed amendment, and how the redistricting conforms with the relevant Statutory Plans;

(g) A plan indicating the Site to be amended, the current and proposed Land Use Districts as they apply to the Site, the relationship to adjacent land uses within
90.0 m of the subject area and the location of any prominent natural and man-made physical features; and for residential areas, a Street layout of the proposed area and surrounding lands. The plan shall be submitted as follows:

(i) A printed copy produced at an appropriate scale with the necessary labels and dimensions; and

(ii) A digital AutoCAD copy in .dwg format.

(h) Where applicable, a concept plan showing a preliminary Site layout, including the general location of future Development, vehicular and pedestrian circulation (i.e., internal roads, Parking Facilities, Loading Areas, Alleys, and key access points), and connections to adjacent Sites;

(i) Permission for right-of-entry by a designated officer;

(j) The fee as set out in the Development Fees Bylaw;

(k) Where required, an environmental site assessment; (Bylaw C-981-16, Jan. 25, 2017)

(l) Any other information required, which may include but is not limited to approvals from the Province of Alberta, traffic impact analyses, geotechnical information; and (Bylaw C-981-16, Jan. 25, 2017)

(m) Any other information deemed necessary. (Bylaw C-981-16, Jan. 25, 2017)

(3) An application for a text amendment to this Bylaw must include the following information:

(a) A written statement from the applicant explaining the reasons for the proposed Bylaw amendment;

(b) The content of the proposed text amendment;

(c) A written statement from the applicant describing the impact that the amendment will have on the Site, adjacent lands and the City in general should Council approve the proposed bylaw amendment;

(d) The fee as set out in the Development Fees Bylaw; and

(e) Any other information deemed necessary by the Development Officer or Council.

(4) The City may refuse to accept an application to amend this Bylaw if the required information has not been supplied or if the information is of inadequate quality to properly evaluate the application.
(5) After accepting an application to amend this Bylaw, the application shall be processed for consideration by Council in accordance with this Bylaw and City Policy 7,005 Information Requirements for Redistricting Bylaws. (Bylaw C-981-16, Jan. 25, 2017)

(6) When an application is made for an amendment to this Bylaw, the City requires the following steps to be followed to complete the public participation process including the public hearing:

(a) Notification of a public hearing to Registered Owners of land within 30.0 m of the affected area, or those determined by the City to be affected;

(b) Advertising of the public hearing for two weeks in the local newspaper, at least five days prior to the public hearing;

(c) The public hearing held by Council; and

(d) The Director of Planning and Development may require that the applicant hold at least one public meeting prior to the public hearing.

(7) Council, after considering:

- Any representations made at the public hearing;
- The Municipal Development Plan, Area Structure Plan, or any other Statutory Plan affecting the application, and the provisions of this Bylaw; and
- Any other relevant information and documents presented before Council, Council may make any changes it considers necessary to the proposed amendment if such changes are appropriate, and
   (i) proceed to pass the proposed amendment;
   (ii) defer the amendment application for more information, such as the completion of an Area Structure Plan;
   (iii) or defeat the proposed amendment.

(8) When an application for a redistricting amendment is refused by Council, another application shall not be made with respect to the same land for a change in Land Use designation for at least six months from the date of Council’s decision, unless:

(a) Council otherwise directs; or

(b) New information related to the amendment is submitted by the applicant and is deemed to be substantially different by the Development Officer.
PART 5 – ENFORCEMENT

SECTION 22 NON-CONFORMING USES AND BUILDINGS

(2) A non-conforming Use or Building may be continued on any Site, unless the Use is discontinued for a period of six months or more, in which case the Use must conform to this Bylaw.

(3) A non-conforming Use may not be extended or transferred in whole or in part to another area of the Site, and no additional Buildings may be constructed on the Site while the non-conforming Use continues.

(4) A non-conforming Building or a Building containing a non-conforming Use may continue to be used but may not be altered, added to or enlarged except:

(a) To make it a conforming Building;

(b) As may be deemed necessary by the Development Officer for the routine maintenance of the Building; or

(c) In accordance with Sections 14(5) or 22(5).

(5) When a Building is a non-conforming Building solely by reason of its encroachment into a required Setback or inadequate parking, an extension of, or an addition to, the Building, may be allowed at the discretion of the Development Officer, if such an extension or addition will not in itself constitute an encroachment into any required Yard, and if such extension or addition complies with the provisions of this Bylaw.

(6) A non-conforming Building that is damaged or destroyed to the extent of more than 75% of the assessed value of the Building above its Foundation cannot be repaired or rebuilt except in accordance with this Bylaw.

(7) Land Use and/or the Use of a Building is not affected by a change in ownership or tenancy of a Building.

(Bylaw C-942-15, Jan. 29, 2016)

SECTION 23 GENERAL PROVISIONS & RIGHT TO ENTRY

(1) The enforcement powers granted under this Bylaw are in addition to any enforcement powers the City or any of its officers may have under the Municipal Government Act or any other applicable legislation.

(2) A Peace Officer may enforce the provisions of the Municipal Government Act, the Subdivision and Development Regulation, this Bylaw, a development permit and a
subdivision approval. Enforcement action may be in the form of Municipal Ticket or Violation Ticket.

(3) For the purposes of Section 542 of the *Municipal Government Act*, a Bylaw Officer and a Development Officer are designated officers of the City of Spruce Grove.

(C-973-16, November 16, 2016)

**SECTION 24 CONTRAVENITION**

(1) A person is guilty of an offence when allowing or commencing any development that:

(a) Contravenes or does not comply with the provisions of this Bylaw;

(b) Requires a Development Permit which has not been issued;

(c) Is contrary to a Development Permit that has been issued, or a subdivision approval that has been given or a condition of a Permit or approval;

(d) Contravenes a Stop Order; or

(e) Contravenes the *Municipal Government Act*.

(2) Each day that an offence has occurred may be considered to be a separate offence.

(C-973-16, November 16, 2016)

**SECTION 25 MUNICIPAL TICKETS**

(1) A Peace Officer is hereby authorized to issue a municipal ticket to any person who the Peace Officer has reasonable and probable grounds to believe has contravened any part of this Bylaw.

(2) The municipal ticket must contain:

(a) The name of the person contravening the Bylaw;

(b) The offence;

(c) The specified penalty established in the Development Fees and Fines Bylaw; and

(d) Due date of payment.

(3) A municipal ticket will be prepared by the Peace Officer and delivered to the appropriate persons by the Peace Officer, by registered mail or via document Service Company providing an affidavit of service.

(5) A person who is guilty of an offence is liable to pay the amount specified on the ticket as established in the Development Fees and Fines Bylaw.
(6) Where there is specified penalty listed for an offence in the Development Fee and Fines Bylaw, that amount is the maximum penalty for that offence. Multiple municipal tickets for multiple contraventions may be issued at one time.

(7) Where a municipal ticket has been paid, such payment does not constitute an approval of said offence.  

(C-973-16, November 16, 2016)  
(C-1104-19, May 25, 2020)

SECTION 26 VIOLATION TICKETS

(1) If a municipal ticket has been issued for first and/or subsequent offences and the specified penalty has not been paid or corrective measures have not been taken, the Peace Officer is authorized to issue a violation ticket pursuant to the Provincial Offences Procedures Act.

(2) Notwithstanding Section 26(1), the Peace Officer may issue a violation ticket without previously issuing a municipal ticket if, in the opinion of the Peace Officer, the situation deems it necessary.

(3) The violation ticket must state:

(a) The name of the person contravening the Bylaw:

(b) The offence;

(c) The specified penalty established in the Development Fees and Fines Bylaw;

(d) Due date of payment; and

(e) The date of the summons to appear in court.  

(C-973-16, November 16, 2016)
PART 6 – GENERAL REGULATIONS

The General Regulations set forth in Part 6 shall apply to Development in all Districts, and may be amended in the same manner as any other Part or Section of this Bylaw.

SECTION 27 ADDRESS NUMBER

(1) Every Dwelling and business shall have its address number clearly displayed near the front door of the main entrance.

(2) Address numbers shall be a minimum of 10.0 cm tall, visible from the Street, and be installed prior to occupancy.

(3) Where a Building is developed with an Alley, Buildings shall also have their house number clearly displayed in the Alley.

(Bylaw C-1025-17, March 5, 2018)

SECTION 28 BUILDING HEIGHT

(1) The Height of a Building shall be determined by calculating the vertical distance between Grade (or design Grade for Development that is not built) and the highest point of the Building.

(2) In determining the highest point of a Building, elements that are not essential to the structure of the Building shall not be considered, including but not limited to the following:

(a) Elevator housing;

(b) Mechanical housing;

(c) Roof entrances;

(d) Ventilation fans;

(e) Skylights;

(f) Solar panels;

(g) Wind turbines;

(h) Steeples;

(i) Smokestacks or chimneys;

(j) Fire walls;
(k) Parapet walls; or

(l) Flagpoles.

SECTION 29  CORNER SITES

(1) In residential areas a Site abutting two or more Streets shall have either two Front Yards or one Front Yard and one Street Side Yard, as determined by the Development Officer.

(2) In all cases the location of Buildings on a Corner Site shall be subject to approval by the Development Officer who shall account for the location of existing Buildings on adjacent Sites or permitted Setbacks on adjacent Sites.

SECTION 30  DESIGN AND APPEARANCE OF BUILDINGS

(1) The design and appearance of all Buildings must be compatible with the Land Use District and with surrounding Sites, unless the Building is setting a higher standard of design for the Land Use District or neighborhood.

(2) The massing, size and shape of Buildings shall consider the existing streetscape and the impact of the Development on adjacent Buildings and Sites, and shall not have a negative impact on either.

(3) The external finish of Principal and Accessory Buildings shall be reviewed for consistency with Adjacent Buildings and Sites with respect to color, finish and texture, to the satisfaction of the Development Officer.

(4) Any non-residential Building that has exterior wall length greater than 25.0 m shall incorporate architectural features in an effort to minimize the Building’s mass to the
satisfaction of the Development Officer. Such architectural features could include the use of:

(a) Multiple colours,
(b) Differing, but complementary finishes and textures,
(c) Landscaping;
(d) Recessing portions of the visible Frontage,
(e) Awnings, and
(f) Varying roof lines.

(Bylaw C-942-15, Jan. 29, 2016)

(5) The City may require that a Developer register a restrictive covenant against a Site or Development area in order to ensure ongoing conformance with architectural controls or guidelines.

(6) All mechanical equipment, including roof mechanical units and exhaust fans, shall be concealed by screening in a manner compatible with the architectural character of the building or concealed by integrating it into the total building design.

(Bylaw C-1025-17, March 5, 2018)

SECTION 31 DEVELOPMENT ON OR NEAR SLOPES

(1) For the purpose of this section, “top of bank” is determined by the Development Officer.

(2) A Development on or near a slope must include a geotechnical assessment conducted by a professional engineer licensed in the Province of Alberta as part of the Development Permit application. The report must demonstrate defined flood hazard areas, bank stability, safe building elevations, and mitigation of the potential for flood damage or erosion of the bank, to the satisfaction of the Development Officer.

(6) No permanent Building shall be permitted within 20.0 m of the top of bank of any water body, or the top or bottom of a slope that exceeds a 15% Grade.

(7) No permanent Building shall be permitted within a 1:100 year floodplain, unless the Developer is able to demonstrate adequate flood proofing.

(5) The Development Officer may require a greater or lesser Setback based on the geotechnical assessment.

(6) Where the Development Officer has granted a Setback less than 20.0 m in accordance to (4) above, the applicant shall enter into a Development agreement,
including security in favour of the City relieving the City of responsibility for damage or loss due to flooding, subsidence or erosion.

(7) There shall be no infill of materials within the floodplain of drainage courses that are not protected by City storm water management on the north side of Highway 16, as per the Big Lake Basin Study.

SECTION 32 DWELLING UNITS PER SITE

(1) One Dwelling shall be permitted per Site unless otherwise specified in the District regulations.

SECTION 33 EASEMENTS AND RIGHTS OF WAY

(1) No Building except a Fence shall be placed on a Utility Easement or right-of-way unless:

   (a) Written consent from the Utility provider or party whose interest is registered on the right-of-way has been obtained; and

   (b) The proposed Building does not restrict access to the Easement or right of way for the purpose of installation and maintenance of the Utility, in the opinion of the Development Officer.

This regulation is subject to the specific conditions of a Utility Easement.

(2) No Principal Building or building containing a Garden or Garage Suite shall be sited closer than 7.0 m from the boundary of any Pipeline right-of-way.

(3) No Building shall be located closer than 5.0 m to a railway right-of-way.

(4) Any Development or Landscaping authorized by a Development Permit shall be done at the applicant’s risk and should removal be required, the cost shall be the responsibility of the Registered Owner.

(5) Drainage swales shall be kept clear of all obstructions and debris and shall not be altered or blocked.

(Bylaw C-1057-18, March 18, 2019)

SECTION 34 FENCES AND SCREENING

(1) For internal Sites the maximum height of a Fence shall be:

   (a) 2.0 m for the portion of the Fence that does not extend into the Front Yard; and

   (b) 1.0 m for the portion of the Fence that extends into the Front Yard.
(2) For Corner Sites the maximum height of a Fence shall be:

(a) 1.0 m for the portion of the Fence which extends into the Front Yard(s) and/or the Street Side Yard; and

(b) 2.0 m for the portion of the Fence located in the Rear Yard or Side Yard.

(3) Notwithstanding Section 14(3) of this Bylaw, the Development Officer may issue a variance to a Fence height for a Street Side Yard or Front Yard on a Corner Site as it applies to subsection 2(a) above, taking into consideration the Development on adjacent Sites.

(Bylaw C-865-13, Feb. 10, 2014)
(Bylaw C-1025-17, March 5, 2018)

(4) Where a Site has both its Front Yard and Rear Yards facing onto a Street, a Development Permit is required for a Fence. The height and specifications for a Fence in such a case shall conform to the surrounding neighborhood context.

(5) In the industrial and urban reserve Districts the maximum Height and location of Fences and screening shall be determined by the Development Officer.

(6) Barbed wire shall only be permitted in the industrial District when it is placed on top of a Fence that is 2.0 m or higher.

(7) No electric Fencing or razor wire is permitted under any circumstances.

(8) When associated with a Single Detached Dwelling, a privacy wall on a deck must not exceed 2.0 m in height when measured from the surface of the deck. A privacy wall on a patio must not exceed 3.0 m in height. Notwithstanding, no privacy wall shall be permitted on a deck or patio in the Front Yard.

(Bylaw C-981-16, Jan. 25, 2017)
(Bylaw C-1057-18, March 18, 2019)
(9) When associated with a Semi-Detached Dwelling or a Street Oriented Row House, a privacy wall along the shared property boundary shall be a minimum of 1.5 m but not more than 3.0 m in height when measured from the surface of the deck. All other privacy walls must not exceed 2.0 m in height when measured from the surface of the deck or patio. Notwithstanding, no privacy walls shall be permitted on a deck or patio in the Front Yard.

(Bylaw C-981-16, Jan. 25, 2017)
(Bylaw C-1025-17, March 5, 2018)
(Bylaw C-1057-18, March 18, 2019)

(10) Within the GPL – Greenbury Planned Lot district, for any Zero Side Yard Development, there shall be no fencing located in the front yard, no fencing between the principal buildings, and no fencing closer than the furthest rear façade in the rear yard.

(Bylaw C-1000-17, June 27, 2017)

(11) In the case of commercial, industrial, public and quasi-public uses the Development Officer may require fencing to mitigate negative impacts against adjacent uses. The fence type will be at the discretion of the Development Officer and will be dependent upon the need for the mitigation. The fence shall be not less than 1.5 m or more than 2.0 m in height.

(Bylaw C-1025-17, March 5, 2018)

SECTION 35   FIRE HYDRANTS

(1) Fences, Landscaping and other obstructions shall be located a minimum of 1.5 m from any fire hydrant.

(2) Property owners are responsible for ensuring that fire hydrants abutting their property are kept clear of debris and are visible at all times.

SECTION 36   GARBAGE AND CONTAINMENT AREAS

(1) Garbage, recycling and other containment areas shall be evaluated as part of a Development Permit where required by the Development Officer.

(2) All Garbage, recycling and other containment areas shall be landscaped in accordance with Section 89(9) of this Bylaw.

(3) All refuse materials shall be stored in weatherproof containers and screened to the same Height as the container on all sides from adjacent Sites and Streets, by a freestanding enclosure. The enclosure shall be constructed of materials that are consistent or compatible with the exterior finish of the Principal Building.

(4) Garbage and containment areas shall be in a location easily accessible for pickup.
SECTION 37 LIGHTING

(1) A Development Permit for non-residential uses adjacent to residential uses may require a lighting plan as part of the application, at the discretion of the Development Officer.

(2) The lighting plan shall depict where any lights are located, their Height and demonstrate the limits of their casting at 2 LUX.

(3) Any outdoor lighting for any Development shall be located and arranged so that:
   (a) No direct rays of light are directed at any adjoining properties;
   (b) Indirect rays of light do not adversely affect an adjacent site; and
   (c) Direct and indirect rays of light do not interfere with the effectiveness of any traffic control devices.

(4) Within a Site, lighting shall be of a consistent design that minimizes the amount of light pollution directed skyward.

SECTION 38 MUNICIPAL LAND

(1) All Development on land owned by the City shall require a Development Permit as specified in this Bylaw.

(2) If a Development Permit is not required for a Development, written authorization from the City to proceed with the Development is required.

(3) No Development by anyone other than the City shall take place on a Public Utility Lot, unless the Site in question is the subject of a licensing agreement with the City. Such Development shall conform to the Public Utility Lot License of Occupation Policy.

(4) Any Development or Landscaping authorized by a Development Permit shall be done at the applicant’s risk and any damage to municipal lands caused by the Development or Landscaping shall be the responsibility of the applicant.

SECTION 39 MUNICIPAL SERVICING

(1) Services shall be provided as outlined in the Municipal Utility Services Bylaw.

(2) No Development shall commence until the Development Officer is satisfied that the appropriate Site servicing and improvements, including any Off-Site local improvements, will be provided to the Development.
(3) Private sewer and/or water systems shall not be permitted. The exception shall be for renovations or Accessory Buildings on sites where private sewer and/or water systems already exist, provided that the private systems do not require expansion.

SECTION 40  OUTDOOR STORAGE AND DISPLAY

(1) Outdoor storage and display is not permitted in residential districts.

(2) Outdoor storage of goods and materials shall be kept in a clean and orderly manner at all times and shall be screened from Streets and adjacent residential uses to the satisfaction of the Development Officer.

(3) Outdoor storage is not permitted within the required Front Yard Setback of a Development.

(4) Outdoor display of goods and materials shall normally be temporary and shall be arranged and maintained in a clean and orderly manner. The location of an outdoor display shall be to the satisfaction of the Development Officer.

(5) Any outdoor storage or display must not unduly interfere with the amenities of the district or materially interfere with the use, enjoyment or value of neighboring Sites.

(6) Any outdoor storage or display must not interfere with pedestrian or vehicular circulation or use any required Parking Stalls.

SECTION 41  PROJECTIONS

(1) No portion of the Principal Building on a site shall project over or onto a required Front, Side or Rear Yard Setback, unless otherwise specified in this Bylaw.

(2) The non-architectural features of a Principal Building, such as dryer vents, window wells and gas meters, shall not be considered a Projection.

(3) Notwithstanding any other section of this Bylaw, the eaves of an Accessory Building shall not project more than 0.6 m into a required Setback.

SECTION 42  PROJECTIONS INTO FRONT YARDS (PRINCIPAL BUILDINGS)

(1) An eave, Canopy, cornice, Balcony, stairs or uncovered Deck may project up to 1.5 m into the required Front Yard Setback.  
(Bylaw C-981-16, Jan. 25, 2017)

(2) A chimney, bay or bow window, or cantilevered wall section may project up to 0.6 m into the required Front Yard Setback, provided the Projection does not exceed 2.5 m in width.
SECTION 43  PROJECTIONS INTO REAR YARDS (PRINCIPAL BUILDINGS)

(1) A chimney, bay or bow window, Balcony, eave or cantilevered wall section may project up to 1.2 m into the required Rear Yard Setback.

(2) Unenclosed stairs, either below Grade or not more than 3.0 m above Grade, may project up to 1.5 m into the required Rear Yard Setback.

(3) Where a Site backs onto a public park, Natural Area or stormwater pond, a Covered Deck that is attached to the Principal Building may project to within 1.0 m of the rear Site line, at the discretion of the Development Officer, who shall base the decision on the location and condition of the Site. Such a Projection shall only be permitted where the impact on neighboring properties is minimal.

SECTION 44  PROJECTIONS INTO SIDE YARDS (PRINCIPAL BUILDINGS)

(1) An eave, Canopy, cornice, or Balcony may project up to 0.6 m into the required Side Yard Setback.

(2) A chimney, bay or bow window, or cantilevered wall section may project up to 0.6 m into the required Side Yard Setback, provided the Projection does not exceed 2.5 m in width and the Projection is no closer than 0.9 m from the Site line.

(3) An eave may project an additional 0.6 m into the Street Side Yard where it is part of a bay or bow window, or a cantilevered wall section.

(4) Unenclosed stairs required for access to the main floor or lower floor of the Principal Building may project into the required Side Yard Setback up to 0.6 m from any property line.

(5) Notwithstanding subsections (2) and (3) above, where a driveway is required on the Side Yard to provide access to a parking area, no Projection is permitted within 3.0 m of the Site line.

(6) Notwithstanding subsection (2) above, the Development Officer may relax the 2.5 m width restriction on a Street Side Yard.

(7) Where there is more than one Projection into a required Side Yard, the portion of the Building from which a Projection is permitted to project is 33% of the total length of the side wall of the Principal Building, excluding the wall of an attached garage, covered deck and veranda.

(8) Notwithstanding the above, for all Zero Side Yard Development within the GPL – Greenbury Planned Lot District, the only projection allowed into the required Side Yard Setback is an eave up to 0.30 m.

(Bylaw C-942-15, Jan. 29, 2016)
(Bylaw c-1025-17, March 5, 2018)
(Bylaw C-981-16, Jan. 25, 2017)
(Bylaw C-1000-17, June 27, 2017)
SECTION 45    PUBLIC UTILITY BUILDINGS

(1) The location of a Public Utility Building on a Site is subject to Setbacks which are satisfactory to the Development Officer. This shall also apply to any equipment placed on a Site.

(Bylaw C-1057-18, March 18, 2019)

SECTION 46    RELOCATION OF BUILDINGS

(1) A Development Permit is required when a Building is moved to a new location, either within a Site, or from one Site to another.

(2) A Development Permit for the removal of a Building from a Site requires proof of service disconnection for all applicable Utilities.

(3) Any Foundation remaining on a Site that is not demolished subsequent to the removal of a Building must be secured by fencing or other means in order to prevent unauthorized access.

(4) In order to receive Development Permit approval for an existing Building to be moved, the proposed location of the Building must meet the District regulations and all other requirements of this Bylaw.

SECTION 47    RESTRICTED OBJECTS IN YARDS

(1) All Buildings and Sites shall comply with the Nuisances, Unsightly and Untidy Premises Bylaw and the Construction Site Cleanliness Bylaw.

(Bylaw C-942-15, Jan. 29, 2016)

(2) A Recreational Vehicle shall not be permitted in a Side, Street Side or Front Yard or the driveway of a Site in any residential District except from May 1 to October 31 in any year.

(Bylaw C-1057-18, March 18, 2019)

SECTION 48    SITE CONSOLIDATION

(1) A Development Permit application that proposes to use two or more Sites shall require that the two or more Sites be consolidated into a single lot by a plan of subdivision prior to approval, unless approved by the City as a plan of survey.

(2) The consolidation of Sites for Development of Single Detached Dwellings is not permitted unless such a consolidation will allow for Development of a Dwelling that is in keeping with the neighborhood character, to the satisfaction of the Development Officer.
SECTION 49 STRIPPING AND GRADING

(1) With the exception of those lands governed by a valid Development agreement, stripping and grading activities are considered a Discretionary Use in all Districts and require a Development Permit. Grading shall conform to the Lot Grading Bylaw where applicable.

(2) An application for a Development Permit under this Section shall contain the following information, in addition to the requirements described in Section 12 of this Bylaw:

(a) The area of the Site on which the Excavation and/or Stripping will take place, including dimensions of the operation or area, location of any stockpiled materials, and the depth of soil removal;

(b) The purpose of the proposed activity;

(c) The surrounding land Uses;

(d) The location of natural features, including trees, water bodies, slopes, etc. and details on how these features are to be retained and protected;

(e) Alberta Environment approval if the Excavation is to take place on the same Site or adjacent to a Site with a water body;

(f) Existing Grades of the land relative to adjacent Sites and Streets, as well as any natural features or drainage courses; and

(g) The expected Grades and condition of the land on completion of the activity.

(3) As a condition of approval under this section, the Development Officer may require any or all of the following:

(a) That precautions are taken for the prevention and control of dust, noise or any other nuisance caused by the proposed operation;

(b) That Fencing or other screening is put in place to buffer the Use from adjacent lands;

(c) Measures that serve to protect any natural features on the Site or on adjacent Sites;

(d) Steps that must be taken to promote the reclamation of the Site if required, including restorative Landscaping; and

(e) Any other measures deemed necessary by the Development Officer in order to shield adjacent lands from the activity on the Site.
(4) Where significant Excavation and fill is proposed as part of a Development, the Development Officer may require an engineered plan bearing the seal and signature of a professional engineer in the Province of Alberta.

(5) In all cases, Site Grades shall be established with regard to preventing drainage from one Site to another, unless cross-site drainage conforms to a plan approved by the City’s Engineering Department.

(6) The Development Officer may require a grading certificate as part of a Development Permit application, indicating the final elevations of the Corners of the Site and the elevations around the perimeter of any Buildings.

(7) As a condition of a Development Permit, the Development Officer may require security up to the estimated value of any proposed grading activities to ensure the work is carried out with reasonable diligence.

SECTION 50 TRAFFIC SIGHT LINES AT INTERSECTIONS

(1) A sight triangle shall be maintained at all Street intersections. A sight triangle may include:

(a) A Corner cut which is part of the Site boundary;

(b) A straight line drawn between two points on the exterior boundaries of the subject Site 3.0 m from the point where they intersect at an Alley; or

(c) A straight line drawn between two points on the exterior boundaries of the subject Site 6.0 m from the point where they intersect at a Street.

Notwithstanding the above, a Corner Cut meeting the dimensions required above shall be provided at subdivision in those instances where sidewalks are to be located along the Street at either of the above noted intersections.

(Bylaw C-1057-18, March 18, 2019)

(2) No fencing, Landscaping or other screening shall obstruct sight lines at intersections.

SECTION 51 UNDERGROUND TANKS

(1) A Development Permit is required for installation or removal of underground tanks.

(2) Any underground tank removal or installation must be referred to the City’s Fire Department.

(3) All applicable petroleum tanks shall be registered with the Petroleum Tank Management Association of Alberta, and comply with the requirements of the Alberta Fire Code 2006, as amended.
(4) After the removal of tanks, the owner must reclaim the Site in accordance with the Alberta Environmental Protection and Enhancement Act.

SECTION 52  ZERO SIDE YARD DEVELOPMENTS

(1) Where a Development is permitted to have a Zero Side Yard, the regulations of this Section and those of the District in which the Development is located shall apply.

(2) Where there is a Zero Side Yard, an Easement shall be registered by the Developer on the Site abutting that Side Yard for the purpose of maintenance of the existing Principal and Accessory Buildings, and to the extent that any future Development could take place.

(3) Prior to the approval of any Zero Side Yard Development, plans showing grading and drainage on Abutting Sites must be submitted and shall demonstrate compliance with Section 49 of this Bylaw, the Lot Grading Bylaw, and be deemed acceptable to the Development Officer.

(4) Side Yard Setbacks shall be:

   (a) Zero for one Side Yard, unless the Site abuts a Development which is not a Zero Side Yard Development, in which case the Side Yard Setback shall be the same as the required Setback for the adjacent Development.

   (b) In any District except the GPL – Greenbury Planned Lot District, 3.0 m for the other Side Yard, unless that Side Yard is required for vehicle parking or vehicle access to a parking area, in which case the Side Yard Setback shall be 3.5 m.

   (Bylaw C-1000-17, June 27, 2017)

(5) A Party Wall Agreement shall be required between the owners of adjoining units with separate certificate of title, of Semi-detached Dwellings, Row Housing, Street-Oriented Row Housing, Stacked Row Housing, Row Housing Development and Multi-Unit Dwellings to address such matters as encroachment by either party, maintenance and repair, and rebuilding if necessary. A Party Wall Agreement is required for all adjoining buildings (e.g. Principal Building and attached or detached garages). All Party Wall Agreements, for lots registered after January 1, 2018, shall include a maintenance easement agreement that runs the full length of the lot.

   (Bylaw C-1025-17, March 5, 2018)

SECTION 52A  CONTROL OF NUISANCES

(1) In any land use district, no storage or activity may be undertaken that would, in the opinion of the Development Officer:

   (a) Unduly interfere with the amenities of the district, or
(b) Materially interfere with or affect the use, enjoyment or value of adjacent or nearby properties, or

(c) Constitutes a danger or annoyance to persons on the Site, on a public property or on a Site in the vicinity to it.

(Bylaw C-942-15, Jan. 29, 2016)
(1) Where a Building is attached to the Principal Building on a Site by a roof, an open or enclosed structure and/or a floor or a foundation, it is to be considered a part of the Principal Building and not as an Accessory Building and shall adhere to the Setback requirements for Principal Buildings as specified in the applicable District regulations.

(2) An Accessory Building shall not be used as a Dwelling, except where it contains a Garage Suite or Garden Suite in accordance with Section 67.

(Bylaw C-942-15, Jan. 29, 2016)

(3) Unless otherwise provided in this Bylaw, Accessory Buildings shall be located:

(a) A minimum of 1.0 m from the Principal Building;

(Bylaw C-1104-19, May 29, 2020)

(b) Not in the Front Yard;

(c) No closer than 1.0 m to the rear property line;

(d) No closer than 1.0 m to the side property line;

(e) Side facing detached Garages will only be permitted on Sites which meet the following criteria:

(i) There must be workable vehicle access, in the opinion of the Development Officer, into the Garage; and

(ii) The minimum distance between the Garage vehicle door(s) and the side property line which they face shall be 6.0 m from the opposite side boundary.

(Bylaw C-865-13, Feb. 10, 2014)

(4) Accessory Buildings in residential Districts may include, but are not limited to Garages, carports, sheds, storage buildings, gazebos, decks, sundecks, permanently installed private swimming pools and hot tubs. Fabric covered buildings, used for storage purposes, are prohibited in all residential districts.

(Bylaw C-942-15, Jan. 29, 2016)

(5) Notwithstanding (3) a Deck;

(a) May be attached to the Principal Building;

(b) May extend beyond the front line of the Principal Building;
(c) May extend into the required Front Yard of the Principal Building in accordance with Section 42 of this Bylaw; and

(d) May extend into the required Rear Yard of the Principal Building in accordance with Section 43 of this Bylaw.

(Bylaw C-865-13, Feb. 10, 2014)

(6) Notwithstanding (3), open roof structures, hot tubs and private swimming pools may be located closer than 2.0 m to the Principal Building at the discretion of the Development Officer.

(Bylaw C-981-16, Jan. 25, 2017)

(7) The maximum Height of an Accessory Building that is a Garage shall be 4.5 m unless it contains a Garage Suite, where the Height of the Garage shall conform to Section 67 of this Bylaw.

(Bylaw C-900-15, Feb. 23, 2015)

(8) Notwithstanding subsection (7) above, in any residential District, the maximum Height of an Accessory Building shall be 4.5 m.

(Bylaw C-900-15, Feb. 23, 2015)

(9) Notwithstanding Section 53(3)(c) and (d), an Accessory Building shall not be located on an Easement or Utility right-of-way unless allowed by the easement holder through an amending agreement.

(Bylaw C-1025-17, March 5, 2018)

(10) Accessory Buildings, at the discretion of the Development Officer, may be constructed on a Zero Side Yard Setback, provided they are located on the same Zero Side Yard as the Principal Building, and adhere to the provisions under Section 53.

(Bylaw C-1025-17, March 5, 2018)

(11) The exterior finish of an Accessory Building shall be consistent or compatible with the exterior finish of the Principal Building with respect to colour, finish, materials and texture.

(12) Unless otherwise provided for in this Bylaw, the provisions for Accessory Buildings will be at the discretion of the Development Officer.

(13) Notwithstanding (1), where an unenclosed Building is attached to the front of the Principal Building by a roof, and is an open structure, it shall meet the minimum required side yard setback of an Accessory Use.

(Bylaw C-1104-19, May 29, 2020)

SECTION 54 ACCESSORY USES

1) A Use shall be considered Accessory to a Permitted or Discretionary Use which is a Principal Use on a Site only if such a Use complies with the definition of Accessory Use contained in this Bylaw.

2) A Development Permit for an Accessory Use or Building is permitted where the Accessory Use is listed as a Permitted Use in the applicable District.
3) A Development Permit for an Accessory Use or Building may be approved on a discretionary basis where:

(a) The Accessory Use or Building is listed as a Discretionary Use in the applicable District; or,

(b) The Accessory Use or Building is not listed as a Permitted Use or Discretionary Use in the applicable District and the Development Officer deems that the Accessory Use is compatible with the other Uses and the purpose of the District.

4) Notwithstanding the foregoing, no Sign may be approved as an Accessory Use. Signs may only be approved as a Use only if they are listed as a Sign allowable in a District as determined in Part 10 of this Bylaw.

SECTION 55  ADULT ENTERTAINMENT

(1) Any Site containing an Adult Entertainment business shall be located at least:

(a) 300.0 m from the boundary of the nearest residential district; and

(b) 150.0 m from any Site which contains an existing Religious Assembly facility, School, Recreational Establishment (Indoor or Outdoor, not Commercial), Child Care Facility, or public park.

SECTION 56  ALCOHOL SALES

(1) Alcohol Sales shall not be located closer than 100.0 m from the Site boundary of any Site that includes community or public recreational activities, a public park or a School.

SECTION 57  ANIMAL SERVICE FACILITIES, MINOR AND MAJOR

(1) Uses pursuant to this Section shall be designed to adequately suppress noise from neighboring Uses.

(2) A separate air extractor system shall be provided for animal holding areas where heating, cooling, and air circulation systems are shared with other businesses.

(3) Facilities permitted to board animals overnight shall be equipped with indoor exercise runs, and the permit application shall demonstrate that the number of runs provided is sufficient for the needs of the animals to be met.

(4) Animal Service Facilities, Major shall not be permitted within 150.0 m of a residential District.
(5) All exterior exercise areas, such as runs, shall be enclosed with a Fence acceptable to the Development Officer with a minimum Height of 1.8 m.

(6) Additional screening from adjacent Sites may be required at the discretion of the Development Officer.

(7) The City’s Dog and Domestic Animal Control Bylaw shall apply to all Developments under this Section.

SECTION 58 BED AND BREAKFAST

(1) A Bed and Breakfast shall be an Accessory Use, with the Principal Use as the Dwelling.

(2) The principal character and appearance of the residential Use shall not be altered by the Development of a Bed and Breakfast.

(3) One additional On Site Parking Stall is required for each guest room.

(4) No kitchen facilities shall be available in guest rooms.

SECTION 59 BOARDING AND LODGING HOUSE

(1) For the purpose of calculating the Density of this Use Class, a sleeping unit shall be considered to be a Dwelling. The same shall apply to any other Use Class for which the residential component is, by definition, a Boarding and Lodging House.

(2) No sleeping units shall contain kitchen facilities.

SECTION 60 CAMPGROUNDS

(1) For the purpose of calculating the Density of this Use Class, a Campsite shall be considered to be a Dwelling.

(2) In addition to the information outlined in Section 12, a Development Permit application for a Campground shall include the additional information:
   (a) Land Uses on Adjacent Sites;
   (b) Site topography and proposed changes in Grade on the Site;
   (c) Location of all Campsites and the Density of the Development;
   (d) Location of all Accessory Buildings;
(e) Location of open space;

(f) Proposed servicing as applicable;

(g) Location of waste collection and recycling receptacles;

(h) Site access and internal roadways;

(i) Pedestrian walkways and circulation paths;

(j) Landscaping plan;

(k) Buffering between the Campground and adjacent Uses, if applicable;

(l) Street lighting; and

(m) A traffic impact assessment.

(3) A minimum of 30% of Campsites shall be reserved for short-term use which shall not exceed fourteen days.

(4) Fires are only permitted in fire pits, barbeques, wood burning stoves or other facilities approved by Fire Services. Any cooking facilities shall be located, constructed, maintained and used to minimize fire hazard and smoke nuisance.

(5) A permanent Campground map shall be placed at the entrance to each Campground area, clearly identifying roadways, Campsite numbers, parking areas, Accessory Buildings and any other amenities. The Sign shall be kept current by the Registered Owner.

(6) Pedestrian walkways shall be provided to Accessory Buildings and amenities, with a minimum width of 1.2 m, and drained, lit and surfaced to a standard compatible with the surrounding natural environment, to the satisfaction of the Development Officer.

(7) Each Campsite number shall be clearly marked at the Campsite.

(8) Each Campsite shall include an individual amenity space running the length of the Campsite a minimum of 3.0 m in width. The amenity space shall contain a picnic table, be landscaped with sod and contain a minimum of one tree.

(9) Notwithstanding the above, amenity space for group Campsites shall be designed to the satisfaction of the Development Officer.

(10) Each Campsite shall have a minimum 5.0 m Setback from a natural area, Accessory Building, walkway or playground.

(11) All roadways shall be designed and maintained to accommodate emergency vehicles.
(12) All roadways shall have directional signage to direct users and emergency vehicles to Campsites or other facilities.

(13) The roadway system shall be designed with regard to the topography and environmental characteristics of the Site.

(14) Each Campsite shall be large enough to accommodate one vehicle.

(15) A minimum of one visitor parking stall for every twenty campsites shall be provided within a designated area, unless special circumstances permit the Development Officer to issue a variance.

(16) Parking shall not be permitted on roadways, but must be accessed from an internal roadway.

(17) Vehicles must use designated Parking Stalls when parked, and all Parking Stalls shall have an acceptable form of surfacing or ground cover to prevent erosion to the satisfaction of the Development Officer.

(18) A minimum of 5% of the total area of the Campground shall be set aside as a common Amenity Area.

(19) The common Amenity Area must contain a fire pit, cook hut, benches and picnic tables.

(20) Campsites and other facilities or uses are not permitted in the Amenity Area.

(21) A Campground with more than 10 campsites for Recreational Vehicles must provide a play structure in the Amenity Area.

(22) A minimum of one water supply outlet for filling portable water storage tanks shall be provided On-Site.

(23) A water supply outlet shall be located within 100.0 m of each Campsite.

(24) A garbage collection facility shall be located within 100.0 m of each Campsite. In addition, an animal-proof garbage can shall be provided for each tent Campsite.

(25) There shall be one toilet provided for each gender for every thirty Campsites. In addition, there shall be one toilet provided for every ten tent Campsites.

(26) All toilets shall be connected to municipal services.

(27) A Campground shall include a sanitary dumping station, designed, maintained and located to the satisfaction of the Development Officer.
(28) Each sanitary dumping station shall provide a water outlet with the necessary appurtenances connected to the water supply system to permit periodic wash down of the immediate flushing and cleaning area.

(29) A sanitary dumping station shall be easily accessible and located a minimum of 20.0 m from any Campsite or Amenity Area.

(30) Fire hydrants shall be provided and located to the satisfaction of Fire Services.

(31) The natural habitat should be conserved for the benefit of the users of the Campground. Trees and natural vegetation shall be retained as per Part 9 of this Bylaw.

(32) Campgrounds designed for year-round use shall demonstrate the following:

(a) Internal roadways designed to accommodate snow removal;

(b) An On Site area for snow storage;

(c) Servicing for year-round use; and

(d) Use of Campsites is restricted to Recreational Vehicles between October 31 and May 1.

SECTION 61 CAR WASHES

(1) A Car Wash shall not have any vehicle exiting doors located within 23.0 m of a residential District, when measured to the nearest Site line of a Site designated as a residential District.

(2) The Development Officer shall consider the location of On-Site activities such as vehicle queuing and vacuum cleaning that may adversely affect Adjacent properties, and may require additional screening or Yard Setbacks.

(3) A minimum of four in-bound queuing spaces shall be provided, and one out-bound queuing space for each main entrance into the Car Wash facility. The Development Officer may require a greater number of in-bound spaces. In addition a variance may be issued to the minimum required queuing spaces where the design of the Development and number of entries warrants a reduction.

SECTION 62 CHILD CARE FACILITIES

(1) Child Care Facilities shall be in a separate facility, either within the Principal Building on the Site or in an Accessory Building, with a separate access to ground level.

(2) The Development Officer shall, when deciding whether to approve or refuse a Child Care Facility in a commercial District, take into account, among other matters, traffic,
noise and proximity to hazardous uses to ensure the proposed Child Care Facility is in an appropriate location.

(Bylaw C-942-15, Jan. 29, 2016)

(3) No portion of a Child Care Facility Use, including the Building or bay of the Building and, where provided, On Site outdoor play space, shall be located within 50.0 m of a Service Station or a Gas Bar. This distance shall be measured from the pump island, fill pipes, vent pipes, or Service Station or Gas Bar Building, depending on whichever is closest to the Child Care Facility.

(4) Where On Site outdoor play space is provided, pursuant to the Provincial Child Care Licensing Regulation, it shall comply with the following regulations:

(a) Noisy, noxious or hazardous Adjacent Uses such as, but not limited to, Loading Spaces, garbage bins, large parking lots, Arterial Roads, passenger drop-off areas, rail lines, or stormwater lakes should either be avoided or their effects mitigated through Landscaping, buffering, Fencing, or other means.

(b) Outdoor play space shall be located at ground level. If no reasonable opportunity exists for outdoor play space at ground level, the Development Officer may approve an above grade outdoor play space provided that the following conditions are met:

(i) Secure perimeter Fencing is provided that is at least 1.8 m in Height and is located a reasonable distance from the edge of the Building; and

(ii) Roof top mechanical equipment is located a reasonable distance away from the play space to avoid sources of noise and fumes unless the mechanical equipment is designed so that it does not create adverse effects related to noise and fumes and can be integrated into the play area.

(c) Outdoor play space shall be securely enclosed on all sides with the exception of developments proposed in the PS – Public Service Institutional District and P1 – Parks and Recreation District where existing play fields are proposed as outdoor play space.

(d) In a residential District, outdoor play space may be allowed in any Yard, providing it is designed to limit any interference with other Uses, or the peaceful enjoyment of the properties of nearby residents, through Fencing, Landscaping, buffering and the placement of fixed play equipment.

(e) In any non-residential District, the outdoor play space shall not be located in any Yard that Abuts a Street unless the design, size and other characteristics of the proposed play space mitigate the potential impact from the Street traffic upon children using the play space.

(5) All Development Permit applications for Child Care Facilities shall include:
(a) Plans that show all elevations;

(b) Floor plans that show indoor play and rest areas, including the location of windows; and

(c) A Site Plan that shows the required On-Site Parking, drop-off facilities, and, where provided, On-Site outdoor play areas, including the location and type of fixed play equipment, as well as Fencing, Landscaping and any buffering to be provided.

SECTION 63 COMMUNICATION TOWERS

(1) In all cases, regulations and procedures set out by Industry Canada in regard to radio communication and broadcasting antenna systems shall take precedence over this Bylaw.

(2) An applicant for a Communication Tower must apply for a radio communication and broadcasting antenna systems application from the Planning and Development Department.

(3) Any new applications shall provide a co-location analysis to explore the option of using existing communication structures, towers or rooftops rather than Sites that would locate the tower at grade level. The applicant’s preferred location shall include technical details to demonstrate the reason that it is the best fit over other locations.

(4) Proof of a lease agreement must be demonstrated at the time of Development Permit application, or copy of the certificate of title for the subject property, issued within fifteen business days prior to the application date showing the applicant as the Registered Owner.

(5) The Development Permit application shall demonstrate how the structures are designed, screened, and situated on the Site in such a way as to minimize any potential detrimental effects of the neighbourhoods or area within which they are proposed.

The following should be considered in design and siting of both tower and antenna structures as well as auxiliary Buildings:

(a) Screening of facilities by using existing vegetation, Landscaping, Fencing, or other means in order to blend with the built and natural environments.

(b) Design and colour sensitive to the style of architecture in the neighbourhood to encourage unobtrusive, inconspicuous appearance.

(c) Massing – situate as near as possible to similarly-scaled structures.
(d) Lighting of the facilities is prohibited unless required by Navigation Canada.

(e) Stealth and/or monopole structures with flush mounted antennas should be used to better integrate form with the existing built environment. Where co-location on a single structure is desired, opportunities to design equipment within a single structure should be investigated.

(f) Access to facilities should be possible without unduly interfering with traffic flow or without unduly creating safety hazards.

(6) Communications Towers are not permitted in residential Districts or in Natural Areas.

(7) An open house shall be held subsequent to the receipt of a complete application. Notices shall be sent to Registered Owners at a radius seven times the Height of the proposed Communication Tower. In addition to which the applicant shall advertise the open house in two consecutive editions of the local newspaper.

(8) Notwithstanding (7) above, where an application is made in the M1 – General Industrial District, the notification area will be at the discretion of the Development Officer, and dependent on the Height of the proposed structure.

(9) The City will submit a letter to Industry Canada upon completion of a processed application detailing:

(a) Its opinion as to whether the location of a new telecommunications facility is appropriate from the City’s land use perspective;

(b) Whether or not, in the City’s opinion, adequate public consultation has been conducted by the carrier; and

(c) The degree to which the carrier has met the regulations in Section 63 of this Bylaw as they relate to location, design and visual impact.

SECTION 64 DENSITY BONUSING

(1) Density bonusing offer Developments the opportunity to surpass the level of Density as determined by the district applied to the Site. Density bonusing:

(a) is available for Row Housing and Multi-Unit Dwelling Developments only; and

(b) any Dwelling developed as Affordable Housing, as defined by this Bylaw, does not apply to the calculation of Density for the Development.

(2) Any Affordable Housing Dwellings developed under this Section must remain available as Affordable Housing for a period of fifteen years.
SECTION 65  DRIVE THROUGH BUSINESSES

(1) A Drive Through Business shall not be located on a Site which is considered unsafe in terms of vehicle circulation and access, in the opinion of the Development Officer.

(2) No drive through aisles are permitted in the Setback area. The Development Officer may require greater Setbacks than those established in the applicable District when considering Adjacent land Uses and vehicle circulation and access.

(3) For Sites where the principal access to the Drive Through Business is from an Arterial Road, a minimum of twelve On Site queuing spaces shall be provided from the order window (first window to serve customers). For all other Drive Through Businesses, the minimum number of On Site queuing spaces required is nine.

(4) Queuing spaces shall be a minimum of 6.0 m long and 2.8 m wide.

(5) The queuing space must not overlap with any Parking Stalls or drive aisles.

(6) Drive lanes shall have a sufficient turning radius to accommodate vehicle entrance to the drive through aisle.

(7) No pedestrian access into the premises shall cross the drive through aisle.

(8) Where the drive aisle is Adjacent to a residential District, screening shall be provided in accordance to Part 9 of this Bylaw.

SECTION 65A  FOOD TRUCKS

(1) Pursuant to Section 11, subsection (1)(p), a Food Truck participating in a City sanctioned special event held on municipal property does not require a Development Permit.

(2) A Development Permit application for a Food Truck must be for a specified site. The addition or substitution of a site, or location within a site, shall require a new Development Permit.

(3) A Development Permit application shall include:

(a) A valid food handling permit issued by Alberta Health Services;

(b) Fire inspection approval;

(c) A waste disposal plan for disposal of garbage, grease, grey water and recycling; and

(d) Provision for water and power, if applicable; if a generator is required for power, it shall be quiet and not cause a disturbance.
(4) A Food Truck shall not be left unattended unless the unit is closed and secured.

(5) The area around the Food Truck shall be kept clean with a temporary garbage receptacle and a temporary recycling bin provided within 0.5 m of the Food Truck.

(6) A Food Truck shall not:

(a) Take up required on-site parking stalls; or

(b) Damage or interfere with any required landscaping.

(7) A Food Truck may be allowed one A-Board sign, in addition to any signs already approved for the site. The sign shall be in place only during hours of operation.  

(Bylaw C-891-14, May 25, 2015)

SECTION 66  FAMILY DAY HOMES

(1) A Family Day Home:

(a) Shall not be located in a Dwelling containing a Home Occupation;

(b) May require privacy screening that prevents visual intrusion into any outdoor play areas;

(c) May require Provincial or Family Day Home Agency approval.  

(Bylaw C-942-15, Jan. 29, 2016)

SECTION 67  GARAGE AND GARDEN SUITES

(1) A Garage Suite shall be developed as an integral part of a detached Garage which faces an Alley where the Principal Dwelling is a Single Detached Dwelling.

(2) Only one of a Secondary Suite, Garage Suite or Garden Suite may be developed in conjunction with a Principal Dwelling on a Site.

(3) A Garage Suite shall have an entrance separate from the vehicle entrance to the detached Garage, either from a common indoor landing or directly from the exterior of the structure.

(4) The minimum Site width for a Site with a Garage Suite or a Garden Suite shall be 12.0 m.

(5) The maximum Height of a Garage Suite shall be 6.5 m, or the Height of the Principal Dwelling, whichever is the lesser.

(6) The maximum Height of a Garden Suite shall be 4.5 m.

(7) The maximum Floor Area for Garage and Garden Suites shall be 60.0 m².
(8) The minimum Floor Area of a Garage Suite or Garden Suite shall be 30.0 m².

(9) The minimum Side Yard Setback shall be:
   
   (a) For that portion of a detached Garage that contains a Garage Suite, the same as that for the Principal Dwelling in the applicable District.

   (b) For a Garden Suite, the same as that for the Principal Dwelling in the applicable District.

   (c) On a Corner Site where a Garage Suite or Garden Suite abuts a flanking Street, other than an Alley, the minimum Street Side Yard Setback shall not be less than that provided for the Principal Building.

(10) The minimum distance between a detached Garage containing a Garage Suite, or Garden Suite and the Principal Dwelling on the same Site shall be 4.0 m.

(11) A minimum of one Parking Stall shall be provided in addition to the required number of Parking Stalls for the principal Dwelling.

(12) No Decks on Garage Suite or Garden Suite roofs shall be allowed.

(13) Balconies shall be allowed as part of a Garage Suite developed above a detached Garage only where the Balcony faces the Alley or a flanking Street.

(14) Windows contained within the Garage Suite portion of the detached Garage shall be placed and sized such that they minimize overlook into Yards and windows of abutting properties through one or more of the following:
   
   (a) Off-setting window placement to limit direct views of abutting Rear or Side Yard amenity areas, or direct view into a Garage Suite or Garden Suite window on an abutting Site;

   (b) Strategic placement of windows in conjunction with Landscaping or the placement of other Accessory Buildings; and

   (c) Placing larger windows such as living room windows, to face an Alley, a flanking Street, or the larger of any Side Yard abutting another property.

(15) A Garage Suite or Garden Suite shall not be allowed within the same Site containing a Secondary Suite, Group Care Facility or Limited Group Home, or Home Occupation.

(16) Where Garage Suites are Discretionary within the applicable District, the Development Officer may exercise discretion in considering a Garage Suite having regard to:
(a) Compatibility of the Use with the siting, Grade elevations, Height, roof slopes and Building types and materials characteristic of surrounding low density ground-oriented housing and Development;

(b) The effect on the privacy of adjacent Sites; and

(c) The policies and guidelines for Garage Suites contained in a Statutory Plan for the area.

(17) Garage Suites shall not be subject to separation from the Principal Dwelling through a condominium conversion or subdivision.

(18) All Garage and Garden suites shall be serviced from the main service curb cock and shall not be serviced through a separate service connection. (Bylaw c-1025-17, March 5, 2018)

SECTION 68 GAS BARS AND SERVICE STATIONS

(1) The maximum Site Coverage for all Buildings on a Site under this section shall be 25% of the Site area.

(2) The minimum Site area for a Gas Bar shall be 600.0 m², or 1200.0 m² where a Gas Bar is part of a Development with a Car Wash.

(3) The minimum Site area for a Service Station shall be 1500.0 m², or 2100.0 m² where a Service Station is part of a Development with a Car Wash.

(4) Where a Service Station or a Gas Bar is an Accessory Use, the minimum Site area and maximum Site Coverage may be varied at the discretion of the Development Officer.

(5) All fuel pumps shall be located a minimum of 6.0 m from the Site boundary.

(6) A canopy over a fuel pump may extend to within 3.0 m of the Site boundary.

(7) Where Gas Bars or Service Stations are adjacent to a Site to which a residential District is applied, or separated from them by an Alley, or are directly visible to residential Uses across a Street, the Development Officer shall consider the design, finishing, lighting and siting of development, including the orientation of gas pump islands and service bays with the intent of achieving a compatible relationship with surrounding Development and a high standard of appearance when viewed from Adjacent Streets.

(8) No part of the pump island, fill pipes, vent pipes, or Service Station or Gas Bar Building, depending on whichever is closest to the Child Care Facility, shall be located within 50.0 m of a Child Care Facility Use, including the Building or bay of the Building and, where provided, On Site outdoor play space. (Bylaw C-1057-18, March 18, 2019)
SECTION 69 GROUP CARE FACILITIES AND LIMITED GROUP HOMES

(1) The Development Officer shall establish the maximum number of residents allowed in a Group Care Facility or Limited Group Home, on a case specific basis with attention given to the District in which the Use is located and the type of facility seeking approval.

(2) Pedestrian and vehicular traffic shall not be generated in excess of what is characteristic for the area.

(3) A Site containing a Group Care Facility or Limited Group Home shall not contain a Secondary Suite, Garage Suite or Garden Suite.

SECTION 70 HOME OCCUPATIONS

(1) A Home Occupation shall not be allowed in a residence if, in the opinion of the Development Officer, it would be more appropriately located in a Commercial or Industrial District.

(2) A resident who intends to carry out a Home Occupation, where allowed as a Discretionary Use, shall make application for a Development Permit and shall, if given approval, comply with the following provisions:

(a) The Home Occupation shall be operated as a secondary Use only and shall not change the principal character or external appearance of the Dwelling involved.

(b) There shall be no outside display or storage of materials, commodities, or finished products.

(c) There shall be no mechanical or electrical equipment used which creates visual, audible or electrical interference with radio or television reception.

(d) No commodity other than the product or service of the Home Occupation shall be sold on the premises.

(e) No employee of a Home Occupation, other than a resident of the Dwelling, shall undertake any work at the Dwelling, including parking of their motor vehicle.

(f) If, at any time, any of the requirements for Home Occupations have not been complied with, the Development Officer may suspend or cancel the Development Permit.

(g) A Home Occupation that attracts clients, customers, or students to the premises shall be limited to a maximum of six persons in attendance at any one time.

(Bylaw C-942-15, Jan. 29, 2016)
(h) A Site containing a Home Occupation shall not contain a Secondary Suite, Garage Suite or Garden Suite.

(i) Not more than one business related vehicle, no heavier than 5,000 kg, shall be parked on the property at any time.

(Bylaw C-1057-18, March 18, 2019)

(j) A utility trailer parked on the property associated with the business shall not exceed 6.0 m in length.

(Bylaw C-981-16, Jan. 25, 2017)

SECTION 71 PRIVATE OUTDOOR SWIMMING POOLS

(1) Private outdoor swimming pools shall be sited in accordance with Section 53.

SECTION 72 RECYCLING TRANSFER DEPOT

(1) The location and siting of a Recycling Transfer Depot is subject to Section 13 of the Subdivision and Development Regulation (A.R. 43/2002).

(2) Where the Recycling Transfer Depot is the Principal Use of a Building, the Site shall be fenced with a Fence of 2.0 m in height.

(3) The Site shall have two gates suitable for vehicular access and egress.

(3) A Recycling Transfer Depot as an Accessory Use shall not be placed on the required On-Site Parking Stalls pursuant to Part 8 of this Bylaw.

SECTION 73 RELIGIOUS ASSEMBLY

(1) The Site for a Religious Assembly shall have a minimum front Site line of 30.0 m and a minimum Site area of 930.0 m².

(2) Where living quarters for religious officials are part of the Development, the minimum Site area shall be 1300.0 m². In such cases, the Development shall not be located within the C2 - Vehicle Oriented Commercial District.

SECTION 74 SALES CENTRES

(1) Sites containing Residential Sales Centres shall be located and developed such that their impacts on local Streets and surrounding residential Development are minimized. In deciding upon an application, the Development Officer shall take into consideration the scale of the Residential Sales Centre, its proximity to Arterial Roads or Collector Roads, and to occupied residential Development.
(2) The applicant shall demonstrate that sufficient parking is available on or adjacent to the Site so that parking congestion shall not develop on the portion of Streets serving existing Development in the vicinity of the Sales Centre.

(3) The siting and Development of Residential Sales Centre Buildings shall comply with the regulations of the Land Use District applying to the Site.

(4) A Sales Centre shall not operate for a period greater than twenty-four months, unless the Developer applies for and receives an extension from the Development Officer.

(5) A Sales Centre shall be maintained in an orderly manner and shall have hard surface access for pedestrians.

SECTION 75 SECONDARY SUITES

(1) A Secondary Suite shall be operated as an Accessory Use only and shall not change the residential character of the Principal Dwelling.

(2) A Secondary Suite shall be considered within the Principal Dwelling only.

(3) In the case of a Secondary Suite located completely below the first Storey of a Single Detached Dwelling (other than stairways or a common landing), the Floor Area (excluding the area covered by stairways) shall not exceed the Floor Area of the first Storey of the associated Principal Dwelling.

(4) The minimum Floor Area for a Secondary Suite shall be not less than 30.0 m².

(5) A Secondary Suite shall not be allowed within the same Site containing a Group Care Facility, Limited Group Home, Home Occupation, Garden Suite or Garage Suite.

(6) A minimum of one on-site Parking Stall shall be provided in addition to the required number of Parking Stalls for the Principal Dwelling.

(7) A Secondary Suite shall be serviced from the main service valve and shall not be serviced through a separate service connection.

SECTION 76 SHOW HOMES

(1) In addition to the information requirements in Section 12, a Development Permit application for a Show Home shall include the following information:

(a) The location of any exterior lighting; and
(b) The size and location of any permitted Signs in accordance with a valid development agreement.

(2) A Show Home shall not operate for a period greater than twenty-four months, unless the Developer applies for and receives an extension from the Development Officer.

(3) Any exterior lighting shall be developed in accordance with Section 37 of this Bylaw.

(4) When a Show Home use ceases, a Development Permit is required to convert the Development to a Dwelling for residential occupancy.

(5) A Show Home shall be compatible in appearance with the character of the other Buildings in the area.

SECTION 77  SOLAR COLLECTORS

(1) A Solar Collector may be located on the roof or wall of a Building.

(2) A Solar Collector mounted on a roof with a pitch of less than 4:12, may project:

   (a) A maximum of 0.5 m from the surface of a roof, when the Solar Collector is located 5.0 m or less from a side Site Line, measured directly due south from any point along the side Site Line; and

   (b) In all other cases, a maximum of 1.3 m above the maximum Height permitted in the District applied to the site.

(3) A Solar Collector mounted on a roof with a pitch of 4:12 or greater, may project a maximum of 1.3 m above the maximum Height permitted in the District applied to the site.

(4) A Solar Collector mounted on a roof shall not extend beyond the outermost edge of the roof.

(5) A Solar Collector that is mounted on a wall:

   (a) Must be located a minimum of 2.4 m above Grade; and

   (b) May project a maximum of:

      (i) 1.5 m from the surface of that wall, when the wall is facing a Rear Site Line; and

      (ii) In all other cases, 0.6 m from the surface of that wall.

(6) A Solar Collector mounted on a structure must meet Yard Setback regulations of the applied District.

(Bylaw C-1025-17, March 5, 2018)
(7) A Solar Collector shall be mounted in such a way as to not produce glare to neighbouring properties and Streets.

SECTION 78 SURVEILLANCE SUITES

(1) A maximum of one Surveillance Suite shall be permitted on any single Site.

(2) A Surveillance Suite shall not be used as a Principal Dwelling.

(3) The Development Permit for a Surveillance Suite is considered void if the Use or Development with which the Surveillance Suite is associated ceases or is removed.

(4) The maximum Floor Area of a Surveillance Suite shall be 80.0 m².

(5) Where a Surveillance Suite is not part of the Principal Building, it shall be sited in accordance with the following:

(a) A minimum of 2.0 m from any Buildings;

(b) A minimum of 2.0 m from rear and side Site boundaries; and

(c) No closer to the front Site boundary than the front line of the Principal Building.

(6) When the Surveillance Suite is a Manufactured Home, the unit shall have CSA certification, with proof submitted as part of the application. The Manufactured Home shall be secured to a foundation and properly skirted to the satisfaction of the Development Officer. The exterior treatment shall be compatible with other Buildings on the Site and adjacent Sites.

(Bylaw C-942-15, Jan. 29, 2016)

SECTION 79 TRANSIT CENTRES

(1) Transit Centres provide convenient focal points for several bus routes to connect and allow transfer activities by passengers. Transit centres can be standalone facilities, or can include Park and Ride Facilities, or can be integrated into higher density land uses to access the higher ridership potential.

SECTION 80 WIND ENERGY SYSTEMS (SMALL) (SWES)

(1) A Development Permit for a Wind Energy System is an Accessory Use and shall be considered Discretionary and subject to the provisions of Section 54 of this Bylaw.

(2) Definitions:
For the purpose of this Section the following definitions shall apply, in addition to those contained in Part 2 of this Bylaw:

**BLADE**

An element of a Wind Energy System rotor, which acts as a single airfoil, thereby extracting kinetic energy directly from the wind.

**ROTOR’S ARC**

The largest circumferential path travelled by a blade.

**TOTAL HEIGHT**

The height from the Grade at the base of the Building on which a SWES is mounted to the highest vertical extension of a SWES. In the case of a SWES with a horizontal axis rotor, total height includes the distance from Grade to the top of the tower, plus the distance from the top of the tower to the highest point of the rotor’s arc.

**TOWER**

The structure which supports the rotor.

(3) A Small Wind Energy System may only be located on the roof of a Building, with the exception of vertical axis turbines designed to capture updrafts.

(4) In addition to the requirements of Section 12 of this Bylaw, applications for Small Wind Energy Systems shall include the following information where applicable:

(a) The manufacturer’s specifications indicating:

   (i) The SWES rated output in kilowatts;

   (ii) Safety features and sound characteristics;

   (iii) Type of material used in tower, blade, and/or rotor construction; and

   (iv) Canadian Standards Association approval.

(b) Potential for electromagnetic interference;

(c) Nature and function of over speed controls which are provided;

(d) Specifications on the foundations and/or anchor design, including location and anchoring of any guy wires; and the
(5) Prior to making a decision on a Development Permit application for a Small Wind Energy System, the Development Officer may refer and consider the input of the following agencies and departments:

(a) Public Utilities Board;

(b) Transport Canada; and

(c) Navigation Canada.

(6) The Total Height of a Small Wind Energy System may exceed the maximum allowable Height of the applied District by a maximum of 2.0 m.

(7) Small Wind Energy Systems shall comply with the following standards:

(a) There shall be a limit of one Small Wind Energy system per Site.

(b) The system's Tower shall be located and screened by landforms, natural vegetation or other means to minimize visual impacts on neighbouring residences and Streets, public trails and other public areas.

(c) The system's Tower and supporting structures shall be painted a single, neutral, non-reflective, non-glossy colour (for example, earth-tones, gray, black) that, to the extent possible, visually blends the system with the surrounding natural and built environments.

(d) The system shall be equipped with manual and automatic over speed controls. The conformance of rotor and over speed control design and fabrication to good engineering practices shall be certified by a licensed mechanical, structural or civil engineer;

(e) The system shall be operated such that no electro-magnetic interference is caused.

(f) The system's maximum power shall not exceed 1 kW.

(g) Wind turbines shall not exceed 60 dB(A), or in excess of 5 dB(A) above the background noise, whichever is greater. The level, however, may be exceeded during short-term events including utility outages and severe windstorms.

(h) Brand names or advertising associated with the system or the system’s installation shall not be visible from any public place.
SECTION 80A  POST SECONDARY INSTITUTION

(1)  A minimum of five percent (5%) of the Site shall be required to provide an Amenity Area which may consist of a single, distinct area or be divided into multiple areas. The Amenity Area shall include outdoor open space and include two or more of the following:

(a)  Benches, picnic tables, or other seating;
(b)  A gazebo or other shelter;
(c)  A patio;
(d)  Courtyards;
(e)  Gardens; or
(f)  Other amenity uses that would meet the needs of the facility for the specific Development under consideration.

(2)  Notwithstanding the regulations contained in Part 9 – Landscaping Regulations, the Development Officer may require additional Landscaping for a Site Adjacent to a residential District.

(Bylaw C-900-15, Feb. 23, 2015)

SECTION 80B  RELIGIOUS ASSEMBLY, INCUBATION

(1)  A Development Permit issued for this use shall include a condition requiring the landowner to grant to the City a restrictive covenant which recognizes that the use of surrounding parcels is predominantly industrial, prohibiting use on the parcel which conflicts with those industrial uses and prohibiting the use for Religious Assembly, Incubation after the expiry of the time period for which the Development Permit is issued, not to exceed three years.

(Bylaw C-939-15, Jan. 29, 2016)

SECTION 80C  CANNABIS PRODUCTION FACILITY

(1)  The owner or applicant shall provide as a condition of Development Permit a copy of the current licence and all subsequent licence renewals for all activities associated with Cannabis production issued by Health Canada.

(Bylaw C-1027-17, June 13, 2018)

(2)  The owner or applicant shall obtain any other approval, permit, authorization, consent or licence that may be required to ensure compliance with applicable federal, provincial or municipal legislation.
(3) All processes and functions of the Development shall be fully enclosed within a stand-alone Building, including but not limited to all Loading Spaces and docks, garbage containers, storage and waste material.

(4) The Development shall be a singular Use and shall not be operated in conjunction with any other Uses.

(5) The Development shall not be located Adjacent to an Arterial Road.

(6) The Development shall include equipment designed and intended to remove odours from the air where it is discharged from the Building as part of a ventilation system.

(7) The Development Site shall be located a minimum of 75.0 metres from a residential district.

(8) The Development Authority may require, as a condition of Development Permit, a waste management plan, completed by a qualified professional, that includes details regarding:

   (a) the incineration of waste products and airborne emissions, including smell;

   (b) the quantity and characteristics of liquid and waste material discharged by the facility; and

   (c) the method and location of collection and disposal of liquid and waste material.

(9) The minimum number of Parking Stalls shall be based on the requirements for General Industrial Uses.

(10) Fencing of the Site shall be required for security purposes, subject to the provisions of Section 34.

(11) Notwithstanding the provisions of Section 127(2), Cannabis Production Facilities shall not be constructed with a Zero Side Yard.

(12) Notwithstanding the provisions of Part 10, no Sign shall be displayed on the Site that identifies the Use.

(13) The Development may be subject to periodic inspections to ensure compliance with the Alberta Building Code, Alberta Fire Code, National Energy Code of Canada, Land Use Bylaw and approved Development Permit.

Bylaw C-999-17, Aug. 14, 2017

SECTION 80D CANNABIS SALES

(1) Cannabis Sales shall meet the requirements of the Gaming, Liquor and Cannabis Act.
(2) A copy of the Retail Cannabis Licence issued by the Alberta Gaming and Liquor Commission shall be provided to the City prior to occupancy as a condition of development permit approval.

(3) Cannabis Sales shall be a minimum of 25.0 m from Sites in a residential district.

(4) In addition to the provisions of Part 10 – Sign Regulations, advertising inside the premises shall not be visible from the outside.

(5) The premises must operate separately from other businesses, including providing a separate Loading Space when one is required.

(6) The public entrance and exit to the Use must be direct to the outdoors.

(7) Goods shall not be visible from outside the business premises.

(9) A Development Officer may condition Cannabis Sales in the C1 - City Centre Land Use District to ensure visual interest is maintained on public sidewalks, Streets and walkways.

(Bylaw C-1027-17, June 13, 2018)
PART 8 – PARKING REGULATIONS

SECTION 81 LIMITED ACCESS TO MAJOR STREETS

(1) No access for vehicles will be permitted from an Arterial Road as designated by the Transportation Master Plan and/or Area Structure Plans to:

(a) Any residential Site, unless the access serves more than four Dwellings;

(b) Any Site, other than residential, unless turning space is provided on the Site such that vehicles entering upon the Site may turn around before re-entering the Street; or

(c) Any Site, where in the opinion of the Development Officer, there would be an excessive number of access points onto the Street or there would be disproportionately adverse effects on traffic safety or traffic operations. If necessary the Development Officer may require an access review opinion by a qualified transportation engineer to determine the suitability of an access.

SECTION 82 ACCESS FROM STREETS AND ALLEYS

(1) All vehicular and pedestrian access points to a Site and circulation within a Site shall be designed and located to the satisfaction of the Development Officer.

(2) All off Street parking areas shall be designed to provide:

(a) Adequate vehicle access and egress to and from the Parking Facility by means of clearly defined driveways; and

(b) Adequate vehicle access and egress to and from each Parking Stall at all times by means of clearly defined maneuvering aisles designed to the satisfaction of the Development Officer.

(3) Multi-unit residential, commercial or industrial Sites shall be designed in a manner that provides for safe and clearly defined vehicular and pedestrian circulation.

(4) For all Single Detached Dwellings, Semi-Detached Dwellings and Duplexes and Street-Oriented Row Housing, vehicular access shall be limited to one access per Site:

(a) In a subdivision developed with no Alley, one access off the Street; and

(b) In a subdivision developed with an Alley, one access off the Alley.

(5) Notwithstanding (4) above, the Development Officer may allow access from both the Street and Alley as a Discretionary Use with consideration to the following:
(a) The additional access may not cross a Boulevard that is composed of a sidewalk with a landscaped area between the street and sidewalk;

(b) The lot must have a minimum Site Width of 12.0m;

(c) The access configuration of other Sites in the area;

(d) The impact to Adjacent Sites; and

(e) The additional access is authorized by the Engineering Department.

(Bylaw C-865-13, Feb. 10, 2014)

(6) The Development Officer may allow vehicle access from the Street for Street Oriented Row Housing only where:

(a) There is no Boulevard;

(b) The subject Street Oriented Row Housing faces Development that is developed with an Alley;

In such circumstances, front attached garages shall be developed in pairs and designed such that the garage is attached to a shared common wall and includes a shared driveway apron.

(7) Except for Zero Side Yard Development in the GPL – Greenbury Planned Lot District, for lots with a Site Width less than 11.0 m all driveway aprons must be designed and located in pairs.

(Bylaw C-1000-17, June 27, 2017)
(Bylaw C-1025-17, March 5, 2018)

(8) Sites shall be designed to provide adequate access routes for firefighting and emergency vehicles and equipment in accordance with the Safety Codes Act.

(9) Driveway extensions located over City Boulevards shall be made of concrete only.

(Bylaw C-1104-19, May 29, 2020)

SECTION 83  ON SITE PARKING REQUIREMENTS

(1) Parking Stalls and Loading Spaces shall be clearly marked on the Site and within the Parking Facility. Such marking shall be regularly maintained to ensure legibility to users and shall be to the satisfaction of the Development Officer.

(2) All On Site parking facilities shall be separated from the property line or Street by a landscaped area at least 1.0 m in width.

(3) All On Site Car Share stalls must be signed as Car Share Parking Stalls and be located closer to the Building entrance doors than most non-car share Parking Stalls.
(4) All Park and Ride Parking Stalls must be clearly signed as Park and Ride Parking Stalls and must be available on ordinary working days from 6:00 AM to 6:00 PM.

(5) All On Site Parking Facilities shall be constructed so that:

(a) Necessary curb cuts are located and flared to the satisfaction of the Development Officer;

(b) Every On Site Parking Stall provided and the access thereto shall be Hard Surfaced if the access is from a Street or Alley which is Hard Surfaced; and

(c) Parking Facilities used at night shall have adequate lighting for the entire Parking Facility. Such lighting shall be directed away from Adjacent Sites where, in the opinion of the Development Officer, the lighting would have adverse effects;

(d) Grades and drainage shall dispose of surface water. In no case shall Grades be established that would permit surface drainage to cross any Sidewalk or Site boundary without the approval of the Development Officer;

(e) In all Districts except residential with four or less Dwellings, the number of Parking Stalls designated for persons with physical disabilities shall conform to the Barrier Free Design Guidelines of the Alberta Building Code, but in no case shall be less than one Parking Stall. The Barrier Free Design Guidelines shall also be used to determine the size and location of these Parking Stalls.

SECTION 84 MINIMUM PARKING STALL WIDTH AND DEPTH

(1) Minimum Parking Stall dimensions are set out in Table 1 and illustrated in Figure 1 below.

(2) For all Parking Stalls whose long side is adjacent to a wall or column the minimum width shall be increased by 0.3 m.

(4) For Parking Stalls whose long side is exposed to a doorway the width shall be increased by an additional 0.3 m.

(4) Maneuvering aisles and driveways serving as fire lanes shall be at least 6.0 m wide.

(5) Maneuvering aisles and driveways intended for two-way transport truck movements shall be at least 9.0 m wide.

(6) Minimum overhead clearance for all Parking Stalls shall be 2.0 m.
Small car spaces may comprise 20% of the required number of parking spaces. Small car stalls must be clearly signed as “Small Car Only”.

SECTION 85  NUMBER OF ON SITE PARKING STALLS REQUIRED

(1) Where a Building is enlarged or altered, or a change in the Use occurs in such a manner as to cause a more intensive Use of that Building, provisions shall be made for the additional Parking Stalls required under Part 8 of this Bylaw. The calculations shall be based on the number of additional Parking Stalls required as a result of the enlargement, alteration or change in the Use of the Building, in addition to Parking Stalls that may have been removed due to the enlargement or alteration.

(2) The minimum number of On Site Parking Stalls required for each Use of Building or Development shall be as follows:

The overall reduction in the number of required Parking Stalls should not exceed 20% for all Uses, except in the case of a Park and Ride facility located on Sites developed with recreation centres (public) or Religious Assembly, where up to 50% of the Parking Stalls attributed to the land Uses can also be attributed for Park and Ride purposes.</td>
</tr>
</tbody>
</table>
(3) Unless otherwise stated, the number of Parking Stalls required for On Site employee parking shall be at the discretion of the Development Officer who shall ensure that the number of Parking Stalls required for employee parking has been adequately addressed for the Development.

(4) The number of Parking Stalls required may be reduced where, in the opinion of the Development Officer, the number of Parking Stalls required by various users on a Site vary according to the time of day, so long as all parking needs as defined in this Bylaw can be met at any given time.

(5) In the case of a Use not specified in Section 85, the number of Parking Stalls provided should be the same as a similar Use as determined by the Development Officer.

(6) Where there is a fractional number of Parking Stalls required by this Bylaw, the next highest whole number of Parking Stalls shall be provided.

(7) The design of the parking area or Parking Facility as contained in this Section can be altered where the Development Officer considers that the situation warrants variance of the standard design.

(4) In lieu of providing on-site parking, a developer may pay the City for provision of parking stalls as described in the Cash in Lieu of Parking policy, at the discretion of the Development Officer. (Bylaw C-900-15, Feb. 23, 2015)

SECTION 86 BICYCLE PARKING REQUIREMENTS

(1) The number of bicycle stalls required shall be as follows:

<table>
<thead>
<tr>
<th>Use</th>
<th>Number of Bicycle stalls</th>
</tr>
</thead>
<tbody>
<tr>
<td>Residential Uses with more than four Dwellings that do not have direct access to a private garage or suitable storage area and all non-residential uses except Educational uses</td>

</tr>
<tr>
<td>All education uses</td>
<td>Ten percent of the number of students based on projected design capacity</td>
</tr>
</tbody>
</table>

(2) The size and location of bicycle stalls shall be as follows:

(a) Each bicycle stall shall be minimum of 0.60 m in width and 1.8 m in length, with minimum overhead clearance of at least 2.1 m.

(b) Required bicycle stalls shall be wholly provided on the same Site as the Development.

(c) Adequate access to and exit from individual bicycle stalls shall be provided to the satisfaction of the Development Officer; with an aisle of not less than 1.5
m in width to be provided and maintained beside or between each row of bicycle parking.

(3) Bicycle parking areas shall be separated from any vehicle parking area by a physical barrier or a minimum 1.5 m of open space.

(a) Bicycle stalls shall be visibly located and provided in one or more of the following ways, to the satisfaction of the Development Officer:

(i) Secure bicycle storage rooms, lockers, racks or railings or other such device inside the Building;

(ii) Secure bicycle storage rooms, lockers, racks or railings or other similar device in any accessory Parking Facility; and

(iii) Within a required or non-required Yard or Building Setback on a Site but not more than 15.0 m from a principal entrance of the Building.

(b) Bicycle stalls shall be designed so that bicycles may be securely locked to the rack, railing or other similar device by the bicycle frame.

SECTION 87 OFF STREET LOADING

(1) Where a proposed Development will, from time to time, require pickup or delivery of commodities, adequate space for loading and unloading shall be provided and maintained on the Site.

(2) The person providing any parking or Loading Space under this Section shall design, locate and construct it so that:

(a) It is accessible to a vehicle intended to be accommodated in the space.

(b) The space can be properly maintained; and

(c) The space is of a size, shape, location and construction that is appropriate having regard to the nature and frequency of vehicles using it.

(3) Off Street Loading Spaces shall:

(a) Have overhead clearance of not less than 4.3 m above Grade;

(b) Have vehicular access and egress to and from a Street or Alley either directly or by a clearly defined traffic aisle.

(c) Be sited at an elevation convenient to a major floor level in the Building or to a utility elevator serving each major floor level.
(d) Be graded and drained as to dispose of all surface water. In no case shall Grades be established that would permit drainage to cross Site boundaries or Sidewalks without the approval of the Development Officer.

(e) Be paved or Hard Surfaced where an Off Street Parking Facility is required to be paved or Hard Surfaced.

(f) Have adequate lighting to the satisfaction of the Development Officer.

(g) Be screened on each side adjoining or fronting on any Site in a residential District by a wall, Fence, berm or edge of not less than 1.8 m in Height, to the satisfaction of the Development Officer.

(h) Have dimensions of not less than 3.1 m in width and 8.0 m in length, or a length greater than 8.0 m at the discretion of the Development Officer, taking into account the type of motor transport vehicle typically associated with delivering the commodities to the Site(s).

(4) The required number of Off Street Loading Spaces are:

<table>

*Loading door is defined as a door used primarily for loading; it does not include doors ordinarily used by the public or building tenants for person-access.
PART 9 – LANDSCAPE REGULATIONS

SECTION 88   APPLICABILITY

(1) Any new Development shall require Landscaping of the Site in accordance with this Section where applicable. An expansion or change to an existing Development that substantially enlarges or alters the character and that requires a Development Permit may require Landscaping at the discretion of the Development Officer. The requirement will not apply to Developments that consist of interior alterations only or those that do not alter the size, scale or character of the existing Building. All landscaping plans must be approved by the Development Officer.

(2) In any district all required Yards and all open spaces or undeveloped areas excluding parking areas, driveways, Sidewalks, outdoor storage and service areas shall be landscaped in accordance with a landscaping plan. The following districts shall be exempt from the requirement to provide the landscaping plan, but otherwise meet the landscaping requirements of the bylaw:

(a) R1 – Mixed Low to Medium Density Residential District;
(b) RE1 – Established Neighborhood Residential District 1;
(c) RE2 – Established Neighborhood Residential District 2;
(d) GPL – Greenbury Planned Lot District;
(e) HLC – Hawthorne Lifestyle Community District;
(f) RMHC – Manufactured Home Court District; and
(g) RMHS – Manufactured Home Subdivision Residential District.

SECTION 89   GENERAL LANDSCAPING

(1) The landscape plan shall be prepared by a registered Landscape Architect who is a member in good standing with the Alberta Association of Landscape Architects (AALA).

(2) Landscaped Setbacks must be provided in accordance with a landscape plan approved by the Development Officer.
(3) A landscape plan, drawn at a scale of 1:500 or larger, for the proposed Development must be submitted as part of each Development Permit application where changes are proposed to the Building or parcel, and must show at least the following:

(a) The property lines of the Site, Adjacent land uses, approximate or estimated location of Buildings and Landscaping on Adjacent Sites;

(b) A north arrow;

(c) A signed stamp or seal of a Landscape Architect who is registered and in good standing with the AALA;

(d) Adjacent public areas and features located within the Site, including Streets, Sidewalks, Alleys, driveways, vehicular accesses, street lights, street furnishings, and Boulevard landscaping;

(e) Location of all Buildings, parking areas and vehicular and pedestrian circulation systems on the subject Site;

(f) All overhead, surface and underground Utilities, limits of easements and rights-of-way;

(g) The existing and proposed topography;

(h) The existing vegetation and indicate whether it is to be retained or removed;

(i) The layout of berms, retaining walls, screening, soft surfaced landscaped areas and Hard Surfaced landscaped areas;

(j) The location, Height and materials of all proposed walls, Fences and screens;

(k) Common and botanical names, sizes and quantities of all proposed plant material and the types of landscaped areas;

(l) Typical planting details indicating soil depths and mulch types; and,

(m) A table indicating the quantities of plant material required and the quantities provided, as detailed under Section 90 of this Bylaw.

(4) All required Setback areas, except for those portions specifically required for Sidewalks and motor vehicle access, shall be landscaped.

(5) All Setbacks adjacent to an Alley, except for those portions specifically required for motor vehicle access, motor vehicle Parking Stalls, loading stalls or garbage facilities shall be landscaped.

(6) Any portion of the Site not occupied by Buildings, pedestrian circulation or parking areas shall be landscaped.
(7) Hard Surfaced Areas such as walkways and plazas shall be enhanced with Landscaping, at the discretion of the Development Officer. Provision shall be made for adequate On Site pedestrian circulation, by means of Sidewalks or walkways, to connect with public Sidewalks and walkways Adjacent to Streets or within right-of-ways Abutting the Site.

(8) Any Parking Facility having eight or more Parking Stalls that is visible from an adjoining Site in a residential or commercial District, or from a Street other than an Alley, shall have perimeter planting. The location, length, thickness and height of such perimeter planting at maturity shall, in conjunction with a change in Grade or other natural or man-made features, be sufficient to provide substantial interruption of the view of the parking area from any adjoining residential or commercial District, and enhance the view of the Parking Facility from any Adjacent Street.

(9) Any garbage collection area, open storage area, or outdoor service area, including any loading, unloading or vehicular service area that is visible from an Adjacent Site in a residential or commercial District, or from a Street other than an Alley, shall have screen planting. The location, length, thickness and height of such screen planting at maturity shall, in conjunction with a change in Grade or other natural or man-made features, be sufficient to block the view from any Adjacent residential or commercial District, or from the Street. Such screen planting shall be maintained to provide effective screening from the ground to a height of 1.85 m. If, in the opinion of the Development Officer, screen planting cannot reasonably be expected to survive, earth berming, masonry walls, wood fencing or other man-made features may be permitted as a substitution.

(10) For the purpose of determining the required number of trees and shrubs in a Setback, portions of Setback areas that are paved for Sidewalks and vehicle access, Utility rights-of-way or any other purpose allowed by the Development Officer, must be included in the calculation of the landscape area, even though they are not capable of sustaining trees and shrubs. The provision of a Hard Surface Area does not negate the requirements for plant material.

(11) All required Setback areas are to meet the following landscape requirements:

(a) Be a soft surfaced or suitable durable, decorative Hard Surfaced landscaped area. Suitable Hard Surfaces may consist of, but are not limited to, paving stone, natural stone work, or architectural features. Hard Surface areas must provide visual or pedestrian amenity and must be augmented with plant material to provide a suitable visual character. The provision of Hard Surface area does not negate the requirements for plant material. The acceptable scope and scale of Hard Surface landscape areas is at the discretion of the Development Officer; and

(b) Provide a minimum of one tree for each 35.0 m², and one shrub for every 15.0 m² of required Setback area.
(12) If the required landscaped Yards, or portions thereof, contain native trees and shrubs the area may be maintained in its natural vegetated state at the discretion of the Development Officer. Vegetation preserved on the Site may, at the discretion of the Development Officer, be credited to the total Landscaping requirements. Consideration must be given to the following:

(a) Ensuring the safety and maintainability of the Site and its surroundings;

(b) Ensuring the long-term viability of the remaining native vegetation considering the potential alteration of Site hydrography, disruption of existing native soils, increased exposure to sun and wind and increased human activity brought about as a result of Site Development; and,

(c) Compatibility with Adjacent land Uses and Landscaping.

(13) Naturalized landscapes may be developed where appropriate at the discretion of the Development Officer. Generally, naturalization would apply to ravine lands, major Utility and road rights-of-way, adjacent to existing natural areas and in industrial Districts. Naturalized landscapes are to be designed to reflect the plant materials, soil types and topography typical to the Central Parkland Sub-region of Alberta. The Landscape Architect shall provide any additional required specifications and details required for the installation and establishment of a naturalized landscape on the landscape drawings when submitted for approval.

(14) All landscaped areas shall be designed to facilitate effective surface drainage consistent with a Grade Plan for the Site.

(15) The Registered Land Owner of a Site Abutting a City Boulevard of an Arterial, Collector or Local Road is responsible for Landscaping and maintaining said Boulevard at the Registered Land Owner’s expense, excluding anything specified in a Development Agreement or as determined by the Development Officer. The Registered Land Owner shall provide ongoing maintenance of the Turfgrass within a Boulevard that abuts the Owner’s property and shall keep it free of any other types of landscape development including, but not limited to, those consisting of rock, stone, shale, gravel or aggregates of any kind, shrubs, concrete, rubber, plastic, wood, metal or any other materials or things other than Turfgrass.

(16) Should any City Boulevard be disturbed by adjacent development, including but not limited to the use of the Boulevard as temporary construction access, the City Boulevard shall be restored to the original landscaped state or landscaped with Turfgrass and boulevard trees of an approved species planted at the recommended spacing for that species as deemed appropriate by the Development Officer. Any additional or alternative Landscaping on City Boulevards shall be subject to review and approval by the Development Officer in consultation with the Engineering Department.

(Bylaw C-1057-18, March 18, 2019)
(Bylaw C-1104-19, May 29, 2020)
(17) The Registered Owner shall be responsible for Landscaping of the subject Site and maintenance of the Landscaping for twenty four months from the date of substantial completion of the work. If the Landscaping does not survive a twenty four month maintenance period, the plant materials must be replaced by the Registered Owner with the same species at the same size and height originally provided.

(18) If any Landscaping does not survive the twenty four month maintenance period and is not replaced in a timely manner in the opinion of the Development Officer, the City may replace the landscaping by drawing the security deposit pursuant to Section 92.

(19) Where financial security has been collected by the City, the Landscaping shall be completed in accordance with the approved plan within twelve months of the completion of the Development.

(20) Where a Development is not required to provide a Landscaping Plan, the landscaping shall be completed in accordance with this Bylaw within twelve (12) months from the issuance of Occupancy Certificate. A six (6) month extension may be granted with written approval from the Development Officer.

(Bylaw C-1104-19, May 29, 2020)

(21) For Single Detached, Semi –Detached and Row Housing Dwellings and Developments, the area covered by Impermeable Material shall not exceed 70 percent of the total lot area. This shall include artificial turfs that do not allow water percolation. R2 – Mixed Medium to High Density Residential District is exempt from this regulation.

(Bylaw C-1104-19, May 29, 2020)

(22) Notwithstanding subsection 89. (11), Trees and shrubs shall be provided as follows:

<table>
<thead>
<tr>
<th>Development</th>
<th>Tree and Shrub Planting Requirements (Minimum)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Row Housing, Street Oriented (all types)</td>
<td>One deciduous or coniferous tree, and One shrub</td>

(Bylaw C-1096-19, May 29, 2020)

SECTION 90 PLANTING REQUIREMENTS

(1) All plant materials used for Landscaping including screening must be of a species capable of healthy growth in Spruce Grove and be resilient to specific Site location factors present at the subject Site (i.e. sun, excessive wind, shade, road salt and gravel and reasonable maintenance practices). All plant materials must conform to the horticultural standards of the most current edition of the Canadian Standards for Nursery Stock from the Canadian Nursery Landscape Association. The use of drought tolerant plant material and the application of Xeriscaping principles are encouraged. The following planting requirements shall be met in all landscaped areas:
(a) A minimum of one third of all required trees must be coniferous. Coniferous trees must be a minimum height of 2.5 m and at least 50% of the required coniferous trees must be a minimum of 3.5 m in height at the time of planting;

(b) Deciduous trees must have a minimum Caliper of 65 mm and at least 50% of the provided deciduous trees must have a minimum Caliper of 75 mm at the time of planting;

(c) A minimum of one third of all required shrubs must be coniferous. Coniferous shrubs must be a minimum spread of 450 mm at the time of planting. Smaller shrubs may be accepted depending on the species of shrub, and at the discretion of the Development Officer; and

(d) Deciduous shrubs must be a minimum height of 450 mm at the time of planting. Smaller shrubs may be accepted depending on the species of shrub, and at the discretion of the Development Officer.

SECTION 91 LANDSCAPING ISLANDS FOR PARKING AREA

(1) Landscaped islands shall be required within at-grade Parking Facilities with a capacity of twenty-five or more vehicles. Where more than forty Parking Stalls are provided, a minimum of two landscaped islands are required. Landscape areas within and Abutting Parking Facilities are to be contained by a 150.0 mm height concrete curb or approved alternative. Landscaped islands in the Parking Facility:

(a) Must be provided at a ratio of 2.0 m² of landscaped island for every Parking Stall provided; and,

(b) Islands provided in the Parking Facility shall:

   (i) Be provided at the beginning and end of every row of motor vehicle Parking Stalls;

   (ii) Be provided with no more than twenty Parking Stalls between islands;

   (iii) Be a minimum area of 14.0 m² with at least one side of the island being a minimum length of 2.5 m; and

   (iv) Be surrounded by a concrete curb.

(c) The number of trees and shrubs required shall be as follows:

   (i) One tree for each 20.0 m² and one shrub for each 10.0 m² of required parking island; or,

   (ii) Provide a minimum of one tree and two shrubs per parking island; whichever is greater.
SECTION 92 SECURITY

(1) Notwithstanding the provisions under Section 92(5), the applicant may be required, at the discretion of the Development Officer and as a condition of the Development Permit approval, to provide to the City either a certified cheque or an Irrevocable Letter or Credit equal to 100% of the required Landscaping costs. The amount shall be based on the approved landscape plan and be determined by the applicant and is subject to review and increase by the Development Officer if the amount is deemed to be insufficient. The amount shall include the cost of the following:

(a) Rough grading of landscaped area;

(b) Minimum of 150.0 mm depth of topsoil and sod or seed;

(c) Trees and shrubs in accordance with this Section; and,

(d) 150.0 mm height concrete curb separating landscaped areas and Parking Facilities.

(2) Pursuant to Section 92(1) the conditions upon which the security shall be held:

(a) 80% of the certified cheque or Letter of Credit to an amount of not less than $1,000 will be released upon issuance of a Construction Completion Certificate with respect to the Landscaping;

(b) The balance of the certified cheque or Letter of Credit to be released as provided in Section 92(3);

(c) The applicant shall replace all required Landscaping that does not survive the twenty-four month maintenance period to the satisfaction of the Development Officer with a suitable, similar material; and,

(d) If the Landscaping is not completed within twelve months of the date the Development Permit is issued, then the certified cheque or proceeds of the Letter of Credit may be used by the City to undertake the Landscaping. If such amount is insufficient to cover the cost of the work the deficiency shall be a debt due from the developer to the City.

(3) The certified cheque or Letter of Credit shall be released to the developer, upon written request, once an inspection of the Site demonstrates to the satisfaction of the Development Officer that the Landscaping has been well maintained and is in a healthy condition two growing seasons after issue of the Construction Completion Certificate for the Landscaping. The inspection shall take place within ten business days of the date the receipt of the written request. If the Development Officer is not satisfied that the Landscaping meets the requirements a re-inspection fee shall be required for subsequent inspections.
(4) In the event seasonal conditions prohibit the completion of landscaping, the Site shall have all Landscaping completed prior to July 15 of the following growing season.

(5) To ensure compliance with this Section, and at the discretion of the Development Officer, the City may enter into an agreement with the Registered Owner. The City may register the agreement by way of a caveat under the Land Titles Act against the property being developed. As a condition of the agreement, the Register Land Owner/developer will be required to provide security in accordance to Section 92(1). This caveat shall be discharged when the Development Officer accepts the Landscaping as complete.
SECTION 93 PURPOSE

(1) The purpose of the Sign Regulations is to achieve consistency with the policy direction of the Municipal Development Plan, and to regulate Signs so that the visual impact of signs is consistent with the design, character, and appearance of buildings in the City. The Sign Regulations will regulate:

(a) The size and location for each Sign type; and

(b) The number of Signs allowed on each Site.

SECTION 94 SIGN PERMITTING

(1) Except as provided in this Section, all Signs require a Development Permit and all Signs are considered a Permitted Use in Districts, except for Billboards and Balloon Signs, which are considered a Discretionary Use, where Signs are a Use available by the terms of this Bylaw. In reviewing applications for Sign Development Permits, the Development Officer may consider, without limitation and in addition to the specific requirements of this Bylaw, the nature and design of the proposed Sign, the impacts of the proposed Sign on surrounding properties and the community, and the number and type of Signs located or proposed to be located in the vicinity of the proposed Sign. In granting a Development Permit in respect of a Sign, the Development Officer may impose such conditions and restrictions as may, in the Development Officer’s discretion, be necessary or desirable, in mitigating the impact of the Sign on neighbouring properties and the community. Such restrictions may include, amongst other things, a time limitation on the duration of the Development Permit, requirements for Landscaping, specific design requirements and limitations on the hours during which a Sign may be illuminated.

(Bylaw C-942-15, Jan. 29, 2016)

(2) Except as otherwise provided in this Bylaw, the enlargement, relocation, erection, construction, or alteration of a Sign requires a Development Permit.

(3) Where a Development Permit for a Sign is required, the Development Officer shall consider and process the application in accordance with the requirements of this Bylaw.

SECTION 98   GENERAL REGULATIONS FOR SIGNS

(1) Except as provided in Subsection (2), the maximum number of Temporary Signs and Permanent Signs per Site, excluding Signs listed in Section 96, shall be as follows:

(a) For Multi-Unit (residential) Dwellings, one Sign per Street access;

(b) For non-residential developments, one Permanent and one Temporary sign for every 90.0 m of frontage or fraction thereof.
(2) The Development Officer will determine the maximum number of Fascia and Directional Signs that will be allowed for each Development, which are not included in the total number of Signs allowed in (1) above.

(3) Signage shall be integrated as part of the Building design and be complementary to the exterior finishes.

(4) Signage shall be manufactured to the standards followed by a professional Sign painter, have a painted finish, be neat and clean, and be maintained as such.

(5) A Sign shall not be erected, operated, used, or maintained if:

(a) Its position, shape, colour, format, or illumination may be confused with an official traffic Sign, signal or device or other official Sign; or

(b) It displays flashing lights.

(6) Signs shall not be placed so as to reduce the number of Parking Stalls or Loading Spaces or to obstruct the use of the Parking Facilities or loading areas, required pursuant to an approved Development Permit.

(7) Whenever a panel on a Multi-Tenant Sign is removed, the Sign owner shall replace it with a blank panel until such time as a new tenant requires it.

(8) A person shall not:

(a) Attach or hang an Auxiliary Sign or other material to, on, above, or below a Sign unless otherwise provided for in this Bylaw;

(b) Attach to any Sign an extension or portable device other than Sign hangers shown on the plans for which the Development Permit is issued; or

(c) Make alterations to any Sign in any way, unless otherwise provided for in this Bylaw, without first obtaining the required Development Permits.

(9) When a Sign no longer fulfills its function under the terms of the Development Permit, the Development Officer shall notify the Registered Owner of the property and may order the removal of the Sign, and the Owner of the Sign shall:

(a) Remove the Sign and all related structural components including removing or screening exposed base and foundations to the satisfaction of the Development Officer within the time specified on the removal notice;

(b) Restore the immediate area around the Sign, to the satisfaction of the Development Officer, including the ground or any Building to which the Sign was attached, as close as possible to its original form prior to the installation of the Sign; and
(c) Bear all costs related to such removal or restoration.

(10) When a Sign is placed on a Site without an approved Development Permit, the Development Officer shall notify the Registered Owner and require a Development Permit be sought. Should the Registered Owner not comply within the time specified, the Development Officer may order the removal of such a Sign, and the owner of the Sign shall:

(a) Remove the Sign and all related structural components including removing or screening exposed base and foundations to the satisfaction of the Development Officer within the time specified period on the removal notice;

(b) Restore the immediate area around the Sign, to the satisfaction of the Development Officer, including the ground or any Building to which the Sign was attached, as close as possible to its original form prior to the installation of the Sign; and

(c) Bear all costs related to such removal or restoration.

(d) Failure to remove the Sign within the specified period of time is a breach of this Bylaw.

(11) No one shall erect or permit to be erected or remain on City property, any Temporary Sign other than in accordance with this Bylaw.

(12) Any Sign located on City property without City approval will be removed and disposed of by an Enforcement Officer or a City employee at the direction of an Enforcement Officer following notice to the Owner of the Sign.

(13) Any Sign which obstructs the view of any portion of a traffic control device or traffic control signal, which resembles an official traffic control device, or which poses a potential hazard to traffic may be removed and disposed of by the Development Officer or an Enforcement Officer acting at the direction of the Development Officer following notice to the owner of the Sign.

(14) If an Enforcement Officer considers a Sign to have become unsightly or to have caused any safety hazard on City property, or to be in contravention of this Bylaw, the Enforcement Officer may remove the Sign following notice to the Owner of the Sign. Further, the City may recover the costs of the removal and/or storage of any Sign and the clean-up of any affected municipal property. Any such Sign unclaimed within fourteen days of its removal may be disposed of at the discretion of the Enforcement Officer.

(15) A Sign background shall not be fluorescent, day glow, luminous, or reflective.

(16) A Sign may not project over public lands unless the Development Officer grants permission to the Owner to do so, in which event:
(a) The Owner shall enter into a License of Occupation with the City; and

(b) File with the City, in a form satisfactory to the City’s Solicitors, a public liability and property damage policy issued by an insurance company providing coverage for the City in an amount to be determined by the City which shall:

(i) Insure in respect of loss or damage to property or personal injury or death sustained by one or more persons;

(ii) Indemnify against liabilities, claims, actions, loss, damages, judgments, costs, and expenses which may accrue to or be suffered by the City or by any person by reason of the erection, installation, suspension, or alteration, and the maintenance and use of the Sign;

(iii) Be maintained in force by the owner of the Sign until the sign has been taken down and removed; and

(iv) Name the City as co-insured and contain a cross liability provision.

(17) Signs shall be illuminated only by steady, stationary, shielded and shaded light sources directed solely at the Sign, or internal to it so that the light intensity or brightness does not create either a nuisance to adjacent property or a traffic hazard for motorists or pedestrians.

(18) No exposed reflective-type bulb and no strobe light or incandescent lamp shall be used on the exterior surface of any Sign.

(19) Whenever external illumination is used for a Sign, the source of light shall be located, shielded, and directed in such a manner that the light source is not visible from a Street or Residential District.

(20) The light source of an internally illuminated Sign shall not be visible from any Street or from adjacent Sites.

(21) Signs on City owned property, excluding road right-of-way, shall be permitted when the sign copy is used to advertise community events or non-profit groups.

(22) On Sites where the M1 – General Industrial District, C2 – Vehicle Oriented Commercial District or C3 – Neighbourhood Retail and Service District are applied, and where a Development comprises of more than one Site, any Multi-tenant Signs may provide Off-site advertising for businesses that are located within the Development. This shall also apply to any P1-Parks and Recreation District Sites where the land use is a golf course and the sign is located along an arterial roadway.

(Bylaw C-865-13, Feb. 10, 2014)
(Bylaw C-1057-18, March 18, 2019)

   (c) Shall have a maximum Height of 3.0 m.

   (d) The Sign is to be located in the same neighbourhood as the subdivision described on the Copy.
(e) Limited to two Signs per quarter section.

(f) Development Permit is valid for one year.

SECTION 105  DIGITAL COPY

(1) Freestanding Signs, Multi-Tenant Signs and Billboards may incorporate Digital Copy into any or all of the allowable Copy area as prescribed by this Bylaw.

(2) Any Sign containing Digital Copy:

(a) Shall be designed and placed such that they do not face or project into any residential area;

(b) Shall be equipped with automatic light level control devices and ambient light monitors to ensure that evening brightness levels do not exceed 0.3 foot candles above ambient light conditions and that evening brightness levels do not exceed 400 nits;

(c) Shall display only static images of no less than six seconds duration each; and

(d) Shall present no flashing or transitional effects between the display of static images.

SECTION 106  FASCIA SIGNS

(1) Fascia Signs are allowed in non-residential Districts only, not including the UR – Urban Reserve District.

(2) The maximum coverage area of a Fascia Sign shall be:

(a) Twenty percent of the Building face that includes the main entrance to the Building; and

(b) Five percent for all other Building faces.

(3) The building face is defined by the lower and upper limits of the Building wall.

(4) A Fascia Sign shall not extend above the eave line of any Building elevation.

(5) A Fascia Sign exceeding a Height of 1.5 m and with a Sign Area greater than 10.0 m² shall be limited to individual letters or shapes. The letters or shapes shall be either fixed directly to the Building without a sign-backing panel or mounted by an architecturally compatible method, to the satisfaction of a Development Officer.
SECTION 107   FENCE SIGNS

(1) Fence Signs shall include only temporary Real Estate Signs and Signs identifying Multi-Unit Residential Dwellings.

(2) Notwithstanding Section 107(1) Fence Signs are permitted on Sites in the M1 – General Industrial District as a Permanent Sign.

(3) Each Sign shall be securely attached to the Fence.

(4) The maximum Sign Area shall be 1.1 m².

(5) Where the Sign is attached to the body of the Fence, the top edge of the Sign shall coincide with or be below the top edge of the Fence.

(6) Where the Sign is attached to an entry feature of the Fence, such as an archway:
   (a) The top edge of the Sign shall coincide with or be below the top edge of the entry feature; and
   (b) The Sign shall have a minimum clearance of 2.44 m, measured from the ground to the bottom edge of the Sign.

SECTION 108   FREESTANDING SIGNS

(1) Except as otherwise provided, Freestanding Signs are permitted in Commercial, Industrial Districts, and the R2 – Mixed Medium to High Density Residential District, RMHC – Residential Manufactured Home Court District, PS – Public Service Institutional District and P1 – Parks and Recreation District.

(2) Freestanding Signs are permitted in the C1 – City Centre District, and the C4 – Integrated Mixed Use District where a Fascia Sign is not possible.

(3) In Commercial and Industrial Districts and the PS – Public Service Institutional District, the total Copy area of a Freestanding Sign shall not exceed 0.3 m² in area for each metre of Street Frontage of the Site, to a maximum of 17.0 m². The Copy area of a Freestanding Sign face may be increased by a variance of no more than ten percent of the maximum allowable area for the Site only for the purposes of providing an area for changeable Copy or Digital Copy. In all other districts cited above, the maximum sign area is 3 m².  (Bylaw C-900-15, Feb. 23, 2015)

(4) The minimum setback to any portion of a Freestanding Sign shall be 0.75 m from the property line.

(5) The maximum Sign Height of Freestanding Signs shall be:
   (a) 9.1 m in the C2 – Vehicle Oriented Commercial District, and M1 – General Industrial District;
(b) 4.5 m in the C3 Neighbourhood Retail and Service District; and

(c) 2.5 m in the R2 – Mixed Medium to High Density Residential District, RMHC – Residential Manufactured Home Court District, PS – Public Service Institutional District, P1 – Parks and Recreation District and C1 – City Centre Commercial District.

(Bylaw C-1104-19, May 29, 2020)

(6) Freestanding Signs shall have a low profile landscaped area of 1.0 m around the base of the Sign. The Landscaping shall not interfere with the visibility of the Sign Copy or traffic.

(Bylaw C-942-15, Jan. 29, 2016)

SECTION 109  HANGING SIGNS

(1) Hanging Signs are allowed in commercial Districts only.

(2) Each Hanging Sign shall be spaced a minimum of 2.0 m from any other Hanging Sign.

(3) The minimum clearance, measured from the ground to the bottom edge of the Hanging Sign, shall be 2.44 m.

(4) The maximum vertical dimension of the Sign shall be 0.3 m.

(5) The maximum Sign Area per side shall be 1.5 m².

SECTION 110  NEIGHBOURHOOD IDENTIFICATION SIGNS

(1) Neighbourhood Identification Signs are allowed in residential Districts only, not including the UR – Urban Reserve District.

(2) Unless provision for a Neighbourhood Identification Sign is included in a Development Agreement for the applicable subdivision approval, Neighbourhood Identification Signs shall:

(a) Have a maximum Sign Area of 9.3 m²;

(b) Have a maximum Sign Height of 4.6 m;

(c) Contain only the name of the community, neighbourhood or subdivision area and can contain symbols or logos related to the name;

(d) Be of low profile;

(e) Blend in with the architecture or theme of the surrounding area;
(f) Shall be limited to a maximum of one per Street entrance into the community area; and

(g) Shall not contain the logo, symbol or name of any developer(s) or builder(s).

SECTION 111 PORTABLE SIGNS

(1) Portable Signs are allowed in all Industrial, and Commercial Districts, and the P1 – Parks and Recreation District and the PS – Public Service Institutional District.

(2) The Development Officer may approve a Development Permit for a Portable Sign for one period not exceeding 365 days.

(3) Notwithstanding (2) above, on Sites with more than 90.0 m of Frontage, a Portable Sign may be approved for location upon a different section of the Frontage subject to the limitations of Section 98, General Regulations for Signs.

(4) The maximum Sign Area on one side of a Portable Sign shall be 5.0 m².

SECTION 112 PROJECTING SIGNS

(1) Projecting Signs are allowed in non-residential Districts, not including the UR – Urban Reserve District.

(2) Each Projecting Signs shall be spaced a minimum of 2.0 m from any other Projecting Sign.

(3) The maximum Sign Area per side of a Projecting Sign shall be 2.23 m².

(4) The top of the Sign shall not project above the eave line or the roofline, the top of the second Storey window head, or 6.0 m above Grade, whichever is the least.

(5) The edge of the Sign nearest the Building shall not be located more than 300.0 mm from the Building face.

(6) Visible means of support for Projecting Signs shall be architecturally integrated with the Building upon which they are located to the satisfaction of the Development Officer.

(7) A Projecting Sign shall not project more than 2.0 m from the Building face.

SECTION 113 PROHIBITED SIGNS

Unless otherwise provided for under this Bylaw, the following Sign types are prohibited within the City.
(1) Signs that interfere with traffic lines-of-sight;
(2) Continuous Sign Band Signs;
(3) Animated Signs;

(9) Vehicle Signs.

(Bylaw C-981-16, Jan. 25, 2017)

SECTION 113A ROOF SIGNS

(1) A Roof Sign is a Discretionary Use in the M1 – General Industrial District where there is no opportunity for a Free Standing or Fascia Sign, or where those Signs would not be visible from the Street.

(2) A Roof Sign shall not exceed 25% of the Height of the Building, and the Roof Sign shall be included in the calculation of the total Building Height.

(3) No portion of a Roof Sign shall protrude beyond the eaves of the roof on which it is located.

(Bylaw C-900-15, Feb. 23, 2015)

SECTION 113B FEATHER SIGNS

(1) Feather Signs are allowed in the M1 – General Industrial District and C2 - Vehicle Oriented Commercial District.

(2) The Development Officer may approve a Development Permit for up to three signs for one period not exceeding 30 days in a 12 month period.

(3) The maximum Sign Area shall be 3.0 m² and the maximum height shall be 3.0 m.

(4) Feather Signs must be secured and stabilized so as to withstand wind gusts, or be removed during windy conditions.

(5) Feather Signs shall not interfere with either pedestrian or vehicular sight lines or obstruct views to any existing business or existing permanent sign.

(Bylaw C-1057-18, March 18, 2019)
SECTION 114   LAND USE DISTRICT MAP

(1) Land Use Districts specified in Part 11 of this Bylaw are described by their short form on the Land Use District map, which forms Schedule 1 of this Bylaw.

(2) District boundaries are delineated on the Land Use District map. Where uncertainty arises regarding the precise location of the boundary of any District, the following rules shall apply:

(a) District boundaries shall follow Site boundaries;
(b) District boundaries shall follow the municipal boundaries;
(c) District boundaries shall measure to the centre line of railway rights-of-way; and
(d) District boundaries shall measure to the centre line of road rights-of-way.

(3) Any District boundaries not referenced specifically above shall be determined on the basis of the scale of the map.

(4) Where Land Use Districts have been established to reflect a subdivision of land, the Districts shall be understood to conform to the Certificate of Title or plan of survey as registered in a land titles office. Prior to registration, Section 114(3) shall apply.

(5) District Regulations do not apply to Highways, Streets, Alleys or any other public road right-of-way.

(6) Notwithstanding Section 114(5), should an application to close a portion of any public road right-of-way be approved by Council and registered at land titles, the Districts applying to the Adjacent Sites shall apply to the registered road closure area.
SECTION 115  R1 – MIXED LOW TO MEDIUM DENSITY RESIDENTIAL DISTRICT

(1) GENERAL PURPOSE

The purpose of this District is to accommodate a range of low to medium density Dwelling types along each block face in order to provide flexibility in the design and Development of the neighbourhood. The District is intended to emphasize complementary relationships of Development with the Street and with each other.

(3) ADDITIONAL REQUIREMENTS

(a) Notwithstanding the Front Yard and Side Yard requirements in (2), in the case of corner sites, the Development Officer shall determine the Setback for the additional Front Yard or Street Side Yard in accordance with Section 29 of this Bylaw and taking into account the context of the Site and orientation of other Developments and Buildings on Adjacent Sites, the block face, and within the neighbourhood.

(b) The common Amenity Area may consist of a single, distinct area or be divided into multiple areas. The Amenity Area shall include outdoor open space that provides enough area for unstructured passive or active recreation to the satisfaction of the Development Officer, as well as two or more of the following:

(i) Playground equipment;

(ii) Benches, picnic tables, or other seating;

(iii) Gazebos or other shelters;

(iv) Patios;

(v) Courtyards;

(vi) Gardens; or

(vii) Other recreational or amenity uses that would meet the needs of the residents for the specific Development under consideration.

(c) Manufactured Homes shall fit the building character of the neighbourhood to the satisfaction of the Development Officer.

(d) Development on Lot 8B, Plan 9424151 and Lot 9, Block 1, Plan 1027111 shall:

(i) Follow the Urban Village Design Guidelines set out in the Pioneer Lands Area Structure Plan – Gateway Lands Amendment, adopted November 14, 2011; and

(ii) Where the Design Guidelines conflict with other regulations of the Land Use Bylaw, the Design Guidelines shall take precedence.
SECTION 116  R2 – MIXED MEDIUM TO HIGH DENSITY RESIDENTIAL DISTRICT

(1) GENERAL PURPOSE

The purpose of this District is to accommodate a mix of medium to high density Dwelling types within the block face, in order to provide flexibility in the design and Development of neighbourhoods. The District is intended to emphasize complementary interface of Development with the Street and with each other.

(a) Notwithstanding Section 116 (2), the Height (Maximum) Development Regulation for Special Care Facilities is Four Storeys not exceeding 14.0 m, excepting that a building with a walk out basement, where the walk out basement portion is not adjacent a residential district, may be Five Storeys not exceeding a 14.0 m Height above the design Grade, on Lot 98, Block 13, Plan 132 4328. 7.5 m² per Dwelling for Multi-Unit Dwellings for common Amenity Area (Bylaw C-1096-19, May 29, 2020) 7.5 m² per Dwelling for Multi-Unit Dwellings for common Amenity Area (Bylaw C-1104-19, May 29, 2020)

(3) ADDITIONAL REGULATIONS

(a) Notwithstanding the Front Yard and Side Yard requirements in (2), in the case of corner sites, the Development Officer shall determine the Setback for the additional Front Yard or Street Side Yard in accordance with Section 29 of this Bylaw and take into account the context of the Site and orientation of other Developments and Buildings on Adjacent Sites, the block face, and within the neighbourhood.
(b) The common Amenity Area may consist of a single, distinct area or be divided into multiple areas. The Amenity Area shall include outdoor open space that provides adequate area for unstructured passive or active recreation to the satisfaction of the Development Officer, as well as two or more of the following:

(i) Playground equipment;

(ii) Benches, picnic tables, or other seating;

(iii) A gazebo or other shelter;

(iv) A Patio;

(v) Courtyards;

(vi) Gardens; or

(vii) Other recreational or amenity uses that would meet the needs of the residents for the specific Development under consideration.

(c) Row Housing, Street Oriented shall be developed:

(i) On its own block face;

(ii) In accordance with the applicable regulations of the R1 District;

(iii) With each dwelling individually defined through a combination of architectural features that may include variations in the rooflines, projection or recession of the façade, porches or entrance features, building materials, or other treatments;

(iv) With the façades of a principal building abutting the front lot line and flanking side lot line on corner sites, using consistent building materials and architectural features; and

(v) Cross lot drainage easements may be required for surface drainage and roof leader drainage to accommodate center units.

(Bylaw C-1096-19, May 29, 2020)

(d) Development on Lot 8B, Plan 9424151 and Lot 9, Block 1, Plan 1027111 shall:

(i) Follow the Urban Village Design Guidelines set out in the Pioneer Lands Area Structure Plan – Gateway Lands Amendment, adopted November 14, 2011; and
(ii) Where the Design Guidelines conflict with other regulations of the Land Use Bylaw, the Design Guidelines shall take precedence.

(e) Assisted Living and Designated Assisted Living developments shall provide 10% of the site area in the form of outdoor amenity area. In the case of Designated Assisted Living developments the amenity area may be fenced for security purposes.

### (3) ADDITIONAL REGULATIONS

(a) Notwithstanding the Front Yard and Side Yard requirements in (2), in the case of corner sites, the Development Officer shall determine the Setback for the additional Front Yard and Street Side Yard in accordance with Section 29 of this Bylaw.
(b) Zero Side Yard Development shall only be considered when a private maintenance easement, a minimum of 1.5 m wide, has been registered at the time of subdivision that provides for:

(i) A 0.30 m eave encroachment with the requirement that the eaves must not be closer than 0.90 m to the eaves of the adjacent building;

(ii) A 0.60 m footing encroachment;

(iii) A drainage swale, constructed as per the City of Spruce Grove Minimum Engineering Standards; and

(iv) Permission to access the easement area for maintenance of both properties.

(c) For all Zero Side Yard Development, any Accessory Building must meet the same minimum Side Yard as the Principal Building.

(d) For all subdivision proposed for land within this District, the following information shall be delineated on the tentative plan of subdivision:

(i) All lots proposed for Zero Side Yard Development; and

(ii) Whether the block(s) will be front or rear loading.

(e) For all Zero Side Yard Development, a Real Property Report shall be submitted to the City of Spruce Grove after the completion of foundation construction and prior to commencement of framing.

(f) Notwithstanding Section 117(3)(e) above, the builder, at their own risk, may install main floor joists and subfloor only on a completed foundation to protect and maintain the integrity of the foundation and footings.

(Bylaw C-1025-17, March 5, 2018)

(g) Notwithstanding Section 117(3)(e) above, the builder, at their own risk, on a walkout lot, may install main floor joists, subfloor and applicable pony walls only on a completed foundation to protect and maintain the integrity of the foundation and footings.

(Bylaw C-1025-17, March 5, 2018)

(h) For all sites that accommodate a dwelling less than 6.6 m wide excluding any architectural features such as cantilevers or archways, the maximum permitted width of a front attached garage is 4.9 m.

(Bylaw C-1025-17, March 5, 2018)

(Bylaw C-1104-19, May 29, 2020)

(i) No storage, air conditioners, garbage cans, accessory uses and buildings, or landscaping other than ground covering shall be located within the private maintenance area.

(Bylaw C-1025-17, March 5, 2018)
SECTION 118  RE1 – ESTABLISHED NEIGHBOURHOOD RESIDENTIAL DISTRICT 1

(1) GENERAL PURPOSE

This purpose of this District is to ensure that new Development in established neighbourhoods is sensitive in scale to existing Development and maintains the traditional character design of the block face while allowing for new, compatible Development. This District is applied where lots are generally developed at a density less than 25 dwelling units per hectare.

### (3) ADDITIONAL REQUIREMENTS

(a) Location

Street-Oriented Row Housing shall be located on Sites that abut Collector Roads.

(b) Projections Into Yards

(i) A single Storey unenclosed Deck may project a maximum of 2.0 m into a Front Yard Setback, provided that a minimum of 3.0 m is maintained between the front property line and the projection.

(ii) A single Storey unenclosed Deck may project a maximum of 2.0 m into a Street Side Yard Setback, provided that a minimum of 1.5 m is maintained between the side property line.

(c) Vehicle Access
(i) There shall be no vehicular access from the Street where an Abutting Alley exists, and
   a. A treed landscaped Boulevard is present along the Street adjacent to the property line; or
   
   b. The Site Width is less than 15.5 m.

(ii) Where vehicle access already exists from the fronting Street, a Garage may protrude a maximum of 1.0 m beyond the front wall of the Principal Building and have a maximum width of 7.3 m or 35% of the Site Width, whichever is less. In no case shall the Garage be located less than 3.0 m from the front property line.

(Bylaw C-865-13, Feb. 10, 2014)

(d) Corner Sites

The Development Officer shall determine the Setback for the additional Front Yard or Street Side Yard in accordance with Section 29 of this Bylaw and taking into account the context of the Site and orientation of other Developments and Buildings on Adjacent Sites, the block face, and within the neighbourhood.

(e) Character

(i) The Development Officer may exercise discretion in considering Duplex, or Semi-Detached Dwellings having regard to:
   a. Adjacent Sites in order to ensure new Development is complementary and compatible with existing Development. The Building and architectural design, siting, Grade elevations, Site Coverage, massing, and use of exterior finishing materials shall be to the satisfaction of the Development Officer, who shall ensure that the physical characteristics will be reasonably similar to, or better than the standard of surrounding development;
   
   b. The effect on the privacy of adjacent properties; and
   
   c. Where applicable, the policies and guidelines for Duplex and Semi-detached Dwellings Development contained in a Statutory Plan for the area.

(ii) Manufactured Homes shall fit the building character of adjacent developments and of the neighbourhood to the satisfaction of the Development Officer.

(f) Landscaping

(i) Notwithstanding the Landscaping regulations of Part 9 of this Bylaw, where new Development consists of replacement or infill within areas
of existing housing, Landscaping shall be implemented as a component of such new Development in order to replace vegetation removed during construction or to reinforce an established landscaping context in the area.
SECTION 119  RE2 – ESTABLISHED NEIGHBOURHOOD RESIDENTIAL DISTRICT 2

(1) GENERAL PURPOSE

This purpose of this District is to ensure that new Development in established neighbourhoods is sensitive in scale to existing Development and maintains the traditional character design of the block face while allowing for new, compatible Development. This District is applied where lots are generally developed at a density exceeding 25 dwelling units per hectare.

(b) All Manufactured Home Development shall comply with a previously approved Manufactured Home Court Plan.

(c) Manufactured Homes shall arrive to the Site in no more than two sections. Accessory buildings may arrive as additional sections.

(d) In addition to the Setback regulations contained in (2), where a Site within the Manufactured Home Court District shares a Site boundary with a property
where a residential District is applied, a 7.0 m Development Setback shall be provided. The following are not permitted within the Development Setback:

(i) Accessory Buildings;

(ii) Fencing;

(iii) Hard Surfacing, including Sidewalks, patios or other paving;

(iv) Storage of any kind;

(v) Landscaping for personal use, including gardens;

(vi) Recreational equipment or play structures of any kind;

(vii) Outdoor furniture of any kind; and

(viii) Fire pits.  

(Bylaw C-900-15 – Feb. 23, 2015)

(e) Prior to granting a Development Permit for a Manufactured Home Court or expansion to an existing Manufactured Home Court, the developer shall enter into an agreement with the City, specifying the respective obligations to be assumed by the developer and the City regarding:

(i) The establishment, operation and maintenance of On Site services during the life of the Manufactured Home Court including the following:

a. Storm sewers and ditches;

b. Sanitary sewers;

c. Water, power and gas;

d. Internal roadways, sidewalks, walkways and curbs;

e. Landfills;

f. Snow clearance;

g. Garbage collection;

h. Firefighting equipment;

i. Parks, playgrounds and buffers;

j. Street lighting;

k. Architectural controls; and
I. Any other service deemed necessary by the Development Officer.

(ii) Standards of construction for the above, which, in the case of water, fire mains, sewer systems, utilities, and heating fuel services, shall comply with provincial standards;

(iii) The manner in which costs of services are to be met or recovered;

(iv) Timelines for the completion of construction or installation; and

(v) Any other matters deemed necessary by the Development Officer.

(f) A Development Permit is required prior to the placement of a Manufactured Home, and the application is subject to all requirements of this Bylaw.

(g) Any adjustment of unit stall boundaries requires an amendment to the approved Manufactured Home Court plan. Every unit stall affected by a boundary adjustment must also be included in the application to demonstrate the new setbacks and dimensions created through the stall adjustment.

(h) Each new Manufactured Home shall have Alberta Building Code (A.B.C.) certification. Proof of certification shall be submitted with the original Development Permit application.

(i) Renovations or repairs that nullify the previously approved C.S.A. certification will be considered under the Alberta Building Code. The following is a list of changes that can be made without nullifying the C.S.A. certification:

   (i) Change of plumbing fixtures;
   (ii) Change of light fixtures;
   (iii) Re-facing cabinets;
   (iv) New windows (providing the opening is not altered);
   (v) New or repaired siding;
   (vi) Furnace and/or water heater replacement; and
   (vii) An addition that uses an existing door for access.

(j) The following maintenance or renovations to a Manufactured Home will be considered under the Alberta Building Code:

   (i) Roof replacement or repair;
(ii) New windows that alter the opening; and

(iii) Interior renovations that do not alter the structure.

(k) Any structural change to a Manufactured Home requires engineering approval, provided by the applicant. Structural changes include, but are not limited to, new openings and additional loading on the frame.

(l) All accessory buildings such as decks, skirting, sheds and detached garages shall be factory pre-fabricated units or an equivalent quality, so that design and construction will complement the Manufactured Home. All other requirements are regulated under Section 53, except that separation distances shall be measured to the boundary of the unit stall. (Bylaw C-900-15 – Feb. 23, 2015)

(m) Additions or expansions to a Manufactured Home shall have a foundation, structure and appearance equivalent to or better than that of the Manufactured Home and shall be provided with steps and landings to all entrances within 30 days of their Development.

(n) The applicant shall, at the discretion of the Development Officer and upon approval of the Development Permit, deliver a performance bond not exceeding the value of the required Landscaping improvements, to ensure completion of Landscaping. Lawns or other forms of Landscaping shall be provided and maintained on all unit stall areas not covered by structures, paved areas, parking or storage areas, within 60 days of arrival of a Manufactured Home, weather permitting.

(o) The crawl space between the structure and grade of each Manufactured Home shall be suitably enclosed from view by skirting, or such other means satisfactory to the Development Officer, within 30 days of placement of the Manufactured Home. Axles, wheels and trailer hitches shall be removed where they are not part of the frame. Where a hitch cannot be removed, it shall be skirted or covered from view.

(p) A lighted storage area of 14.0 m² per Manufactured Home unit stall, separate from the Manufactured Home unit stall, shall be provided for the storage of seasonal recreational equipment and other equipment not capable of storage on the Manufactured Home unit stall. Storage areas shall be enclosed or screened by trees, landscape features or fences, or a combination thereof to the satisfaction of the Development Officer.

(q) Each Manufactured Home unit shall be placed upon a Foundation of concrete blocks, poured concrete or a series of piers as approved by the Development Officer, suitable for carrying the anticipated load.

(r) Utilities shall be underground and roads shall be paved.
(s) The Manufactured Home units and all community facilities in a Manufactured Home Court shall be connected by a safe, convenient, Hard Surfaced pedestrian walkway of at least 1.0 m in width.

(t) For Manufactured Home Courts containing over 50 units, two separate means of access shall be provided to the Development area. In Manufactured Home Courts under 100 units, this may be in the form of a boulevard road with a central dividing strip so that in the event of blockage on one side, the other side is available for two-way emergency traffic.

(u) Notwithstanding Section 53, Accessory Buildings shall be located a minimum of 1.0 m from the Manufactured Home unit excluding attached carports.

(v) All parking requirements shall be provided off the Street or private roadway. A minimum of two paved or packed gravel spaces shall be provided within each Manufactured Home unit stall and provision shall be made for visitor parking at the ratio of one space to every three Manufactured Home unit stalls. The visitor parking shall be dispersed throughout the Manufactured Home Court to be conveniently located for all parts of the Manufactured Home Court.

(Bylaw C-857-13, May 14, 2014)

(3)  ADDITIONAL REGULATIONS

(a)  A Development Permit is needed prior to the establishment of a Manufactured Home and the application is subject to all requirements of this Bylaw.
(b) Notwithstanding the Setback regulations contained in (2), where a Site within this District shares a Site boundary with a property where a residential District is applied, a minimum 7.0 m setback shall be provided.

(c) Each Manufactured Home shall have C.S.A. certification or the equivalent. Proof of certification shall be submitted with the Development Permit application.

(d) Manufactured Homes shall arrive to the Site in no more than two sections.

(e) Current photographs showing all sides of the Manufactured Home shall be submitted with the application. The applicant shall indicate how any deficiencies in the Manufactured Home shall be corrected.

(f) The Development Officer may require that the applicant submit a plan showing Abutting properties and the location of any existing Manufactured Homes, additions, and Accessory Buildings on those properties with the application.

(g) The Manufactured Home subdivision shall be designed to accommodate Manufactured Homes units of different sizes, including expandable and doublewide units, with variety in the Street design and the placement of individual units to avoid monotony.

(h) Each Manufactured Home must be securely attached to a permanent Foundation.

(i) A permanent Foundation shall be provided in accordance with the Alberta Building Code for each Site, and the Foundation shall not exceed 0.6 m above finished Grade.

(j) The crawl space between the structure and Grade of each Manufactured Home shall be suitably enclosed from view by skirting, or another means satisfactory to the Development Officer, within thirty days of placement of the Manufactured Home. Axles, wheels and trailer hitches shall be removed where they are not part of the frame. Where a hitch cannot be removed, it shall be skirted and covered from view.

(Bylaw C-857-13, May 14, 2014)

(k) Notwithstanding Section 53, Accessory Buildings shall be located a minimum of 1 m from the dwelling.

(Bylaw C-900-15 – Feb. 23, 2015)
SECTION 122  HLC – HAWTHORNE LIFESTYLE COMMUNITY DISTRICT

(1) GENERAL PURPOSE

This District is generally intended to accommodate detached and attached Dwellings in an integrated lifestyle community within the Hawthorne neighbourhood of Heritage Estates. This lifestyle community offers Sites with reduced Setbacks appealing to residents seeking less yard maintenance, as well as a more intimate streetscape with no on-Street parking and an internal roadway that is gated to outside vehicles at the community entrance. A mixture of housing types and sizes within a medium to high density site will encourage a diversity or residents creating a more integrated and heterogeneous community.

(3) **ADDITIONAL REGULATIONS**

(a) Where a Multi-Unit Dwelling or Special Care Facility abuts a property where Single Detached Dwellings, Semi-Detached Dwellings or Row Housing are a Permitted Use, the following regulations shall apply:

(i) the minimum yard setback shall be increased to 6.0 m;

(ii) where the Multi-Unit Dwelling or Special Care Facility abuts the south property line of the neighbouring site, the minimum yard setback shall be increased to 7.5 m.

(b) Except for Multi-Unit Dwellings and Special Care Facilities, no more than six Dwellings in this District shall be consecutively attached.
(c) Notwithstanding Section 53(3), Accessory Buildings shall be located a minimum of 1.0 m from the Principal Building.  
(Bylaw C-981-16, Jan. 25, 2017)

(d) The common Amenity Area may consist of a single, distinct area or be divided into multiple areas. The Amenity Area shall include outdoor open space that provides adequate area for unstructured passive or active recreation to the satisfaction of the Development Officer, as well as two or more of the following:

(i) Playground equipment;

(ii) Benches, picnic tables, or other seating;

(iii) A gazebo or other shelter;

(iv) A Patio;

(v) Courtyards;

(vi) Gardens; or

(vii) Other recreational or amenity uses that would meet the needs of the residents for the specific Development under consideration.  
(Bylaw C-1013-17, December 13, 2017)
SECTION 123  C1 – CITY CENTRE COMMERCIAL DISTRICT

(1) GENERAL PURPOSE

This District is to provide continuous storefront retail development on the ground floor frontage, to encourage pedestrian activity, and to provide opportunity for residential development above the ground floor in the City Centre. Other civic, cultural and institutional uses are encouraged in this District.

(3) ADDITIONAL REGULATIONS

(a) Not less than 40% of the area of the ground floor façade of a Building adjacent to a Street shall be devoted to display windows or entrances to the Building, the horizontal distance between display windows or entrances shall not exceed 3.5 m.

(b) Development in this District shall be Pedestrian Oriented in nature and human in scale.

(c) Built structures should suggest the pattern of individually owned shops with relatively narrow frontages (6.0-15.0 m) rather than one large structure. Building fronts must utilize design elements which divide their expanse.
(d) No outdoor storage is permitted.

(e) No loading, parking or similar use shall be located in the Front Yard or any Yard adjacent to a Street, except for an Alley.

(f) Development on Corner Sites is subject to Section 29 of this Bylaw. Buildings on Corner Sites must address all facing Streets, Adjacent Buildings, and Buildings on opposing corners. Buildings should acknowledge this special Site condition by creating visual focal points at the corner such as a circular bay window, a large roof dormer, a front entry porch facing the corner or an overall Building form that faces the corner rather than one Street in particular. Buildings should ‘turn the corner’.

(g) Wherever feasible, vehicular access shall be from the flanking Street or abutting Alley. In the event there is no abutting Alley, the vehicular access shall be designed in a manner that has minimal impact on abutting Streets and pedestrians.

(h) In the event that the side of the Building flanks a Street, walkway, Sidewalk or Alley, that side of the Building shall include windows in the first and second Storey which provides a view of the entire Street, walkway, Sidewalk or Alley.

(i) For Sites Adjacent or Abutting Highway 16A, the Development Officer may require:

(i) Additional Landscaping, notwithstanding the regulations contained in Part 9 – Landscaping Regulations, may be required by the Development Officer to reflect the General Purpose of this District, and to provide high quality landscaping of setbacks, patios and recessed entrances; and

(ii) That Development incorporate a higher design standard, by including architectural features such as:

   a. Multiple colours;
   b. Differing, but complementary finishes and textures;
   c. Articulation of walls and recessing of entrances;
   d. Canopies; and
   e. Varying roof lines.

(j) Notwithstanding the list of Discretionary Uses for this District, Child Care Facilities and Mixed Use Developments are prohibited on Lots 1 through 12, 13A, and 23 through 40, Block 6, Plan 2387 AR, Lot 41, Block 6, Plan 084
0760, Units 1 through 4, Plan 102 1946, and Lots 31 through 33, Block 6, Plan 6238 MC due to soil contamination. (Bylaw C-1025-17, March 5, 2018)

(k) Commercial Schools shall be limited to those that do not use or store heavy or industrial vehicles.

(l) In Mixed Use Developments:
   (i) Only commercial Uses shall occupy the ground floor;
   (ii) Commercial Uses shall match those listed as a Permitted or Discretionary Use within this District;
   (iii) Dwellings shall have a separate access to the Street; and
   (iv) Dwellings shall not be located on the same floor as a non-residential use.
   (v) An Amenity Area of 7.5 m² per Dwelling shall be provided.

(m) Notwithstanding Sections 123(3)(a) & (h) above, Uses that require opaque glazing per provincial or federal requirements shall provide alternate methods to promote visual interest along Streets, sidewalks and walkways to the satisfaction of the Development Officer. (Bylaw C-1027-17, June 13, 2018)
SECTION 124  C2 – VEHICLE ORIENTED COMMERCIAL DISTRICT

(1) GENERAL PURPOSE

This District is intended to provide for the development of commercial uses serving vehicle traffic on Sites adjacent to Arterial roads and Highway 16A and Highway 16.

• A minimum of 3.0 m of the Front Yard Setback shall be landscaped. The remaining portion of the Setback may be landscaped or contain parking. No storage, loading or similar Use may occur within the Front Yard Setback. |
| Side Yard Setback (Minimum): | • 4.0 m or 10% of the Site Width, whichever is less |
| Rear Yard Setback (Minimum): | • 7.5 m  
• For any Site Adjacent to a Residential District, the 3.0 m portion that is closest to the residential District shall be landscaped. |
| Site Coverage (Maximum): | • 50% |
| Building Height (Maximum): | • Four Storeys not to exceed 14.0 m |

(3) ADDITIONAL REGULATIONS

(a) Any Yard facing a Street shall have a minimum 6.0 m Setback, of which 3.0 m shall be landscaped.

(b) Notwithstanding (3)(a) above, a 3.0 m Setback may be considered by the Development Officer where the development is oriented towards the Street and where a public Sidewalk exists or is required as part of the Development.

(c) For Sites Adjacent or Abutting Highway 16A or Highway 16, the Development Officer may require:

   (i) Additional landscaping, notwithstanding the regulations contained in Part 9 – Landscaping Regulations, if, in the opinion of Development Officer, there is a likelihood that the proposed development will generate undesirable impact on surrounding sites, such as poor appearance, excessive noise, light, odours, traffic, litter or dust;

   (ii) A minimum façade Height of 6.0 m shall be required.

   (iii) A minimum façade width shall be 75% of the length of the Building.

   (iii) That development incorporate a higher design standard, by including architectural features such as:

   a. Multiple colours;

   b. Differing, but complementary finishes and textures;
c. Articulating the walls of the Building or recessing entrances;

d. Canopies; and

e. Varying roof lines.

(d) Development on Lot 8B, Plan 9424151 and Lot 9, Block 1, Plan 1027111 shall:

(i) Follow the Urban Village Design Guidelines set out in the Pioneer Lands Area Structure Plan – Gateway Lands Amendment, Bylaw C-797-11, adopted November 14, 2011; and

(ii) Where the Design Guidelines conflict with other regulations of the Land Use Bylaw, the Design Guidelines shall take precedence.

(f) For Religious Assembly on Lot 9, Plan 739TR:

(i) notwithstanding Section 73 (1), there shall be no minimum site area;

(ii) the maximum building area for Religious Assembly and accessory uses shall be 310 m²;

(iii) there shall be no living quarters associated with the development;

(iv) the number of parking stalls required for Sunday services shall not exceed thirty-two (32) stalls, based on one (1) parking stall per two and a half (2.5) seats;

(v) no further expansion of the use Religious Assembly shall be permitted on this site; and

(vi) this site specific amendment shall expire if the subject site is not used for Religious Assembly for a period greater than six (6) months.

### (3) ADDITIONAL REGULATIONS

(a) Commercial and Residential Uses shall occur in the same Building. Only Commercial Uses are permitted on the ground floor when abutting Streets.

(b) Dwellings shall have access to Grade which is separate from the access to the Commercial Use.

(c) Dwellings shall not be located on the same floor as a non-Residential Use.

(d) An Amenity Area of 7.5 m² is required per Dwelling.

(e) The common Amenity Area may consist of a single, distinct area or be divided into multiple areas. The Amenity Area shall include outdoor open space that provides adequate area for unstructured passive or active recreation to the satisfaction of the Development Officer, as well as two or more of the following:

   (i) Playground equipment;

   (ii) Benches, picnic tables, or other seating;

   (iii) A gazebo or other shelter;

   (iv) A patio;
(v) Courtyards;
(vi) Formal gardens; or
(vii) Other recreational or amenity uses that would meet the needs of the residents for the specific Development under consideration.

(f) No outdoor storage is permitted.

(g) No loading, parking or similar uses shall be located in the Front Yard or any Yard adjacent to a Street.

(h) Parking associated with the Dwellings shall be located on the Site.

(i) Parking reserved and marked for employees shall be located on the Site, to the satisfaction of the Development Officer.

(j) On-Street parking attributed to Commercial Uses shall be maximized where possible, to the satisfaction of the Development Officer.

(k) Wherever feasible, vehicular access shall be from the flanking Street or Alley. In the event there is no flanking Street or Alley, the vehicular access shall be designed in a manner that has minimal impact on Abutting Streets and pedestrians.

(l) Development on Lot 8B, Plan 9424151 and Lot 9, Block 1, Plan 1027111 shall:

(i) Follow the Urban Village Design Guidelines set out in the Pioneer Lands Area Structure Plan – Gateway Lands Amendment, Bylaw C-797-11, adopted November 14, 2011; and

(ii) Where the Design Guidelines conflict with other regulations of the Land Use Bylaw, the Design Guidelines shall take precedence.

(m) All development must have a strong Pedestrian Orientation both within the site, and to and from the site.

(3) ADDITIONAL REGULATIONS

(a) Water supply and sewage disposal for existing buildings shall be provided in accordance with the Public Health Act. Any new Development requiring water or sewer must connect to City utilities.
(b) In considering a Development Permit for a Discretionary Use, the Development Officer shall not approve Uses that would be prejudicial to the future economical subdivision, servicing and Development of the Site for urban Development, subject to the provisions of an approved Area Structure Plan.

(c) The Development Officer may specify the length of time a use may operate in this District having regard for the future Development of the land.
SECTION 132 DC – DIRECT CONTROL

(1) GENERAL PURPOSE

This District is intended to enable Council to exercise control over the Use and Development of land or Buildings. The District provides for Developments that, due to their unique characteristics, innovative design or unusual Site constraints, require specific regulation unavailable in other Land Use Districts.

(2) VALIDITY

(a) This District must not be applied to regulate matters that are normally regulated by subdivision or Development Permit approval conditions.

(b) This District shall only be applied when Council deems appropriate and where the following conditions are met:

(i) The Development is considered appropriate for the Site, with regard for the policies and objectives of any Statutory Plan and compatibility with the scale and character of surrounding Development;

(ii) The use of any other District to accommodate the Development would result in potential conflicts with existing or future Developments, should the full Development potential of such District be utilized; or

(iii) The Development is of a unique form or design not contemplated or reasonably regulated by another District.

(3) DEVELOPMENT REGULATIONS

Council shall:

(a) Determine the land Uses that are Permitted or Discretionary in the District;

(b) Specify which Developments and Uses shall be decided upon by the Development Officer and by Council;

(c) Impose standards and conditions considered appropriate to regulate the proposed Development or Use; and

(d) Only allow Development that complies with an approved comprehensive plan of Development.

(4) ISSUE OF A DEVELOPMENT PERMIT
(a) Prior to issuing a Development Permit, Council may hold a public hearing or hearings as deemed necessary.

(b) Notice of a public hearing shall be provided in accordance with the *Municipal Government Act*.

(c) Notice of a public hearing may contain a statement to the effect that:

(i) If no objection to the Development is received within the time prescribed in the notice, then the decision will proceed without further notice; or

(ii) If an objection to the Development is received, then a public hearing will be held on a date and time and place specified in the notice.
SECTION 150 DC.10 – PRESCOTT DIRECT CONTROL DISTRICT

(1) GENERAL PURPOSE

The purpose of this District is to allow Row Housing, Street Oriented with Secondary Suites, while maintaining the low-rise built form character of the Neighbourhood.

(3) ADDITIONAL REGULATIONS

(a) Notwithstanding the Front Yard and Side Yard requirements in (2), in the case of corner sites, the Development Officer shall determine the Setback for the additional Front Yard or Street Side Yard in accordance with Section 29 of this Bylaw and take into account the context of the Site and orientation of other Developments and Buildings on Adjacent Sites, the block face, and within the neighbourhood.

(b) Row Housing, Street Oriented shall be developed:

(i) On its own block face;

(ii) With each dwelling individually defined through a combination of architectural features that may include variations in the rooflines, projection or recession of the facade, porches or entrance features, building materials, or other treatments;

(iii) With the facades of a principal building abutting the front lot line and flanking side lot line on corner sites, using consistent building materials and architectural features; and

(iv) Cross lot drainage easements may be required for surface drainage and roof leader drainage to accommodate center units.

(c) Garage as an Accessory Building shall be constructed at the same time as the Principal Building.

(4) ISSUANCE OF DEVELOPMENT PERMIT

(i) Council shall delegate authority to a Development Officer to make decisions on Development Permit Applications pursuant to this Direct Control District.
