NAME OF PROFESSIONAL _____

- ☐ I acknowledge that the plans may be submitted to Environmental Public Health by the City of Spruce Grove.

By signing this form you are indicating that you have checked your plan against this document and confirm the above information has been provided as part of this application.

The Permit Applicant shall be responsible to ensure that all construction work has or will be completed in accordance with the NBC 2023-AE, the Safety Codes Act of Alberta and Municipal Bylaws.

The Building Permit shall automatically lapse and become void if active Work is not commenced within 90 Days from the date of the approved Building Permit, or if Work approved for the Permit is suspended or abandoned for a period of 120 Days at any time after the Work is commenced. Before Work can proceed again, a New Building Permit shall be obtained and new Fees would be required.

Subject to this application being approved, the undersigned acknowledges responsibility for all work associated with the project, including any and all damages to public or private property. The applicant understands that no groundwater of any kind including weeping tile, roof downspouts, or site drainage may enter the sanitary sewer system.

I acknowledge that if the development permit application is approved it is subject to an appeal period as per the Municipal Government Act, RSA 2000, c-26.1 and that the decision may be ultimately overturned or amended. I do accept that if I commence development within the 14 day appeal period, I am doing so with the appropriate development and building permits issued and at my own risk accepting all legal responsibilities.
