The MGA

The *Municipal Government Act* (MGA) is the primary legislation that guides operations of a municipality in Alberta. This legislation is one of the largest in Alberta and undergoes regular review for various amendments.

The current, consolidated version of the *Municipal Government Act* can be viewed by accessing the [Alberta King's Printer](#).

Understanding municipal government

Municipal government plays an important role in our community because it is the order of government that is closest to the people. This is because municipalities are tasked with providing many of the essential services that residents use on a daily basis, including water and sewer services, garbage collection, and road maintenance to name a few.

The purpose of a municipality is defined by the provincial government through section 3 of the *Municipal Government Act*, which states:

Municipal purposes

3 The purposes of a municipality are

- (a) to provide good government;
- (a.1) to foster the well-being of the environment;
- (a.2) to foster the economic development of the municipality;
- (b) to provide services, facilities or other things that, in the opinion of council, are necessary or desirable for all or part of the municipality;
- (c) to develop and maintain safe and viable communities; and
- (d) to work collaboratively with neighbouring municipalities to plan, deliver and fund intermunicipal services.

Understanding the Council-Administration relationship

A municipality is comprised of a Council and an Administration. The council consists of democratically elected members who are responsible to ensure the peace, order, and good governance of the municipality. This broadly covers a range of legislative and functional activities, including strategic planning, advocacy, representation, policy development, and law making.

Led by Council's only employee, the Chief Administrative Officer, Administration is responsible to serve the community by implementing council's goals and strategies. This is accomplished by delivering municipal services and providing advice and support to council.

In Spruce Grove the Chief Administrative Officer holds the title of City Manager.

In addition to the requirements set out in the *Municipal Government Act*, the City of Spruce Grove has enacted [Policy CP-1059-24 - Council/Administration Protocol](#). This protocol establishes a comprehensive framework that guides the interaction between Council and Administration.

Understanding the role

A municipality is held accountable to its residents through its elected Council.

Role of a municipal Councillor

1. A Councillor is a **representative**. They are expected to:
 - Represent ratepayers and residents
 - Bring community concerns to Council
 - Bring information about municipal services and decisions to the community
 - Interact with other municipalities and organizations
 - Be a community leader and make decisions considering the best interests of the municipality as a whole
 - Attend and represent the City at official and community functions
2. A Councillor is a **policy-maker**. As a collective body, Council must:
 - Clearly identify issues
 - Reach agreement on facts and objectives to be met by a policy
 - Evaluate information and reports from Administration
 - Give direction to Administration, through the City Manager to research issues
 - Approve bylaws and council policies
 - Direct Administration, through the City Manager, to implement bylaws and council policies
 - Develop strategic planning for the municipality
3. A Councillor is a **steward**. As a collective body, council must:
 - Ensure financial and other resources are being used as approved and as efficiently as possible
 - Ensure policies and practices are in place to implement the decisions of Council

What does the MGA say?

The *Municipal Government Act* establishes a municipal council's principal role in section 201.

Council's principal role in municipal organization

201(1) A council is responsible for

- (a) developing and evaluating the policies and programs of the municipality;
 - (b) repealed 2015 c8 s20;
 - (c) carrying out the powers, duties and functions expressly given to it under this or any other enactment.
- (2) A council must not exercise a power or function or perform a duty that is by this or another enactment or bylaw specifically assigned to the chief administrative officer or a designated officer.

The *Municipal Government Act* prescribes the following duties of a councillor in section 153:

General duties of councillors

153 (1) Councillors have the following duties:

- (a) to consider the welfare and interests of the municipality as a whole and to bring to council's attention anything that would promote the welfare or interests of the municipality;
- (a.1) to promote an integrated and strategic approach to intermunicipal land use planning and service delivery with neighbouring municipalities;
- (b) to participate generally in developing and evaluating the policies and programs of the municipality;
- (c) to participate in council meetings and council committee meetings and meetings of other bodies to which they are appointed by the council;
- (d) to obtain information about the operation or administration of the municipality from the chief administrative officer or a person designated by the chief administrative officer;
- (e) to keep in confidence matters discussed in private at a council or council committee meeting until discussed at a meeting held in public;
- (e.1) to adhere to the code of conduct established by the council under section 146.1(1);
- (f) to perform any other duty or function imposed on councillors by this or any other enactment or by the council.

Duties of the Mayor

The Mayor is the Chief Elected Official of the municipality and has duties that go beyond that of a Councillor.

The Mayor plays a critical role as a member of Council. This position is the formal spokesperson and leader of Council, the ambassador for the municipality, and the main liaison between Council and Administration. In accordance with [Policy CP-1059-24 - Council / Administration Protocol Policy](#), the Mayor is responsible to:

- coordinate Council decisions;
- act as formal spokesperson for Council;
- act as the main liaison between Council and Administration; and
- perform the duties of the Chief Elected Official as prescribed by the *Municipal Government Act*.

What does the MGA say?

The *Municipal Government Act* prescribes the following duties of a mayor in section 154:

General duties of chief elected official

- 154(1) A chief elected official, in addition to performing the duties of a councillor, must
- (a) preside when in attendance at a council meeting unless a bylaw provides that another councillor or other person is to preside, and
 - (b) perform any other duty imposed on a chief elected official by this or any other enactment or bylaw.
- (2) Repealed 2022 c16 s9(40).
- (3) The chief elected official may be a member of a board, commission, subdivision authority or development authority established under Part 17 only if the chief elected official is appointed in the chief elected official's personal name.

Understanding the City of Spruce Grove

Demographics

The City of Spruce Grove is one of Alberta's fastest growing cities and is designated as a priority growth area of the Edmonton Metropolitan Region. Our City Council represents our growing population. Spruce Grove's population was 38,985 as per the last municipal census conducted in 2023. Based on projection calculations, City Administration determined the community reached 40,000 by July 1, 2024. A detailed report of the data compiled from the 2023 municipal census is available on the City's website at www.sprucegrove.org/Census.

City Council

The City of Spruce Grove's Council is comprised of one (1) Mayor and six (6) Councillors.

Members of Council are elected at large, meaning that each person elected to office represents the City as a whole and not a particular geographic section of the city (ward).

While the position of Mayor is considered to be full time, the position of Councillor is considered to be part time in terms of both time commitment and remuneration.

City Administration

The City Manager is responsible for the day-to-day operation of the municipality, allowing for elected Council to concentrate on policy making.

Reporting to the City Manager are the following departments: City Manager's Office, Community and Protective Services, Corporate Services, Economic and Business Development, Strategic and Communication Services, and Sustainable Growth and Development Services. These departments implement the municipality's programs and policies under the leadership and direction of the City Manager.

City of Spruce Grove Administration is guided by a set of shared principles and lives by six main values: accountability, communication, leadership, integrity, respect, and work-play balance.

Policies for land use within the City of Spruce Grove are established through the city's Municipal Development Plan (MDP), *The Shape of our Community*. The MDP supports the City's efforts to grow and evolve in an appropriate manner to meet the needs and aspirations of its residents. It outlines the municipality's direction for land use, infrastructure, transportation, and environmental conservation, among other aspects.

Use of Municipal Resources for Election Campaigns Policy

The Use of Municipal Resources for Election Campaigns policy establishes guidelines on the appropriate use of resources during an election period to ensure candidates are provided with the same accessibility to the democratic process, city employees remain neutral and without perception of bias during the hours the employee is being compensated by the city, and that the City of Spruce Grove as an organization conducts an election without influence.

Task forces

Task forces are temporary Council Committees established for a fixed period of time (usually within one year) and/or until the completion of a specific task. Task forces are typically advisory where they provide a report and recommendations to Council. Council reviews the report and makes a final decision on the initiative. An example of a task force is the [Council Remuneration Review Advisory Committee \(CRRAC\)](#). The CRRAC sits during the mid-point of a Council term to review and deliberate on Council remuneration. Once their report of recommendations is presented to Council, the CRRAC is disbanded. The CRRAC typically sits for 3 - 4 months.

Remuneration

Council remuneration - base salary

Remuneration reviews are conducted at the mid-point of a Council term. The last [council remuneration review](#) was conducted in 2023. Effective the first pay period in 2024, the base salary for a Councillor was set at 50% of the Mayor's base salary, and the Mayor's base salary will be adjusted annually based on the average of several economic indicators from the previous year.

BASE SALARY - 2025	
MAYOR	\$122,518
COUNCILLOR	\$61,259

Deputy Mayor supplemental salary

Over a four-year council term, each Councillor serves 8 months as Deputy Mayor, broken down into two four-month terms. While serving as Deputy Mayor, a Councillor will take on tasks delegated by the office of the Mayor. A Deputy Mayor may see a significant increase in commitments and demand on time in addition to the duties of a Councillor. A Councillor is therefore eligible to receive an additional \$750 per month while serving as Deputy Mayor.

Honoraria rates

Honoraria are provided to members of Council to attend Council orientation sessions, Council retreats, internal and external training session such as workshops, conference, conventions, and courses, internal boards and committees and external boards and committees where the external

HONORARIA RATES – 2025 – 2029 TERM	
HALF-DAY	\$150
FULL-DAY	\$300

organization does not pay a honoraria. Policy CP-1050-23 - Council Remuneration outlines specific situations where an honorarium will not be paid. This includes, but is not limited to, Regular Council meetings, Special Council meetings and Governance and Priorities Committee meetings, , ceremonial, social, and community events, attendance at political party functions, and general public appearances.

For complete information on honoraria see section 6 of [CP-1050-23 - Council Remuneration Policy](#).

As per recommendations by the [2023 Council Remuneration Review Advisory Committee](#), honoraria rates will be increasing from \$131 (half-day) and \$262 (full-day) to \$150 (half-day) and \$300 (full-day) effective the start of the 2025 - 2029 Council term (October 2025).

Benefits

The benefits provided to members of council are the same that are provided to the employees of the City of Spruce Grove and are 100% employer paid. Included within the benefits package are extended health benefits, dental benefits, and life insurance. Additionally, the City of Spruce Grove offers a health and wellness benefit and access to the employee family assistance program. Members of council may also participate in a retirement savings program where the City matches up to 4% of a Council member's annual salary into an RRSP and/or TFSA for each year of elected service to the City.

Parental leave

The [Parental Leave for Councillors Bylaw](#) provides for parental leave for a Councillor for up to 26 weeks. The Bylaw underwent a review during the 2023 Council Remuneration Review process and resulted in amendments that relate directly to the 2025 - 2029 council term. During the first 10 weeks of parental leave, a Councillor will receive the full remuneration that a Councillor would have otherwise received. During weeks 11 to 26, the percentage of remuneration is 55% of their salary.

If a Councillor continues to perform any duties during the parental leave, full benefits will continue to be provided on behalf of the City. If a Councillor does not perform any duties during the parental leave the Councillor will be responsible for the cost of continuing benefits after the first 30 days of the parental leave, unless the Councillor chooses to opt out of receiving benefits.

Allowances and other provisions

Travel and subsistence

Members of Council are issued a City credit card. Typically food and accommodations are paid for using the City credit card. Costs incurred for mileage while attending out of town events, such as conferences or conventions, are reimbursed in accordance with [Policy 9,053CM, Business Travel and Expense](#). Monies reimbursed for travel and subsistence are taken out of the member of council's expense account.

In 2025, a mileage rate of \$0.72 per kilometer is provided for travel outside of city limits. Accommodation and meal expenses are paid at reasonable actual costs upon production of receipts or statements. In the event that there are no receipts available, the City will reimburse meal expenses at the published rates of the Treasury Board of Canada Secretariat and Revenue Canada.

Car allowance

In lieu of providing mileage for business travel within City of Spruce Grove municipal boundaries, a car allowance is provided to members of Council. The Mayor is provided an allowance of \$120 per month and a Councillor is provided an allowance of \$60 per month.

Monthly Technology allowance

An allowance of \$100 per month is provided to all members of Council. This allowance is intended to be used for the purchase of office supplies or technology, including data plans, internet, or additional hardware required. It also may be used for printing of materials at home that may be required, including meeting agendas or reports. The technology allowance is intended to cover the cost of technology that the City does not provide.

Home-office set-up allowance (one time)

At City Hall, the Mayor has an office. Home offices are often utilized by members of Council, and therefore a one-time home office set-up allowance of \$300 is provided for items such as a desk, office chair, etc.

Council devices

Council devices are provided to members of Council so that they may effectively perform their duties from various locations. Mayor and Councillors are eligible to receive a City-issued laptop and a smartphone and phone plan or reimbursement of their existing phone plan. Reimbursement of an existing phone plan would be covered under the monthly technology allowance.

Council remuneration review

In accordance with [Policy CP-1050-23 - Council Remuneration](#), the salaries and benefits provided to council are reviewed every term of council. In 2013, council determined that this review would take place during the mid-point of the council term to allow remuneration discussions to take place without the added pressures present during an election year. The 2025-2029 council remuneration was approved by resolution of council during the July 17, 2023 regular meeting of council.

Election signage in Spruce Grove

The placement of election campaign signage is regulated in Spruce Grove through the [C-1281-23 Election Sign Bylaw](#). All other election signs outside the election sign timing must comply with the [Land Use Bylaw](#), [Traffic Bylaw](#) and other applicable municipal bylaws. To assist candidates in understanding the requirements, the City of Spruce Grove has provided more information, including sign size specifications and important dates, within the [Election Sign Guide](#). As part of the nomination process, candidates must sign an [Election Sign Acknowledgement Form](#) acknowledging:

- they received a copy of the Election Sign Bylaw;
- they have read, understand, and agree to comply with the election sign requirements as outlined in the Election Sign Bylaw; and
- that a violation of the Election Sign Bylaw may result in removal of their election signs and a fine.

Completed Election Sign Acknowledgment Forms must be delivered to the Returning Officer at City Hall (315 Jespersen Avenue) or emailed to elections@sprucegrove.org no later than one week from submitting the nomination form, provided one week is not later than Nomination Day (September 22, 2025).

This legislation outlines the responsibility of contributors, limitations on contributions, notice required for contribution and expenses, register of candidates, anonymous and unauthorized contributions,

All candidates are responsible for reviewing the relevant sections of the [Local Authorities Election Act](#) to ensure they are compliant with all requirements.

duties of candidates, fundraising functions, expense limits, disclosure statements, campaign surplus and deficit, late filing, and offences.

It is important for you to read and understand these requirements, as failure to comply may leave you guilty of an offence, ineligible to run in future elections administered under the *Local Authorities Election Act*, and liable to significant fines.

Campaign contributions

The *Local Authorities Election Act* defines a campaign contribution to include money, personal property, real property, or services provided to a candidate's campaign without fair market value compensation from that candidate. This does not include volunteer services provided to the campaign.

Accepting campaign contributions

Aspiring candidates can accept contributions or incur campaign expenses during the campaign period after the [Notice of Intent to Run](#) has been provided to the local jurisdiction in which the individual intends to be or has been nominated.

Candidates can only accept contributions during the campaign period (January 1 of the year immediately following a general election and ending on to December 31 immediately following the next general election). For more information on becoming a candidate, please refer to the [Nomination Information](#).

Candidates must be aware that individual Albertans, trade unions, or Alberta employee organizations cannot exceed \$5,000 in total contributions to Councillors.

The Government of Alberta sets limits on the amount that can be contributed to candidate campaigns.

- Alberta residents can contribute up to \$5,000 in total to all candidates in a municipality, during the campaign period.
- Alberta trade unions and Alberta employee organizations can contribute up to \$5,000 in total to all candidates in a municipality, during the campaign period.
- Alberta residents, trade unions, and employee organizations can contribute to as many candidates' campaigns as they choose without going over.
- Candidates can self-fund their campaigns up to \$10,000, during the campaign period.
- Contributions may not be accepted from prohibited organizations, individuals living outside Alberta, or trade unions or employee organizations other than an Alberta trade union or Alberta employee organization.

Candidates must make every reasonable effort to advise prospective contributors of the financing regulations described in Part 5.1 of the *Local Authorities Election Act*.

Insufficient nominations

If the Returning Officer has not received enough nominations for an office, the Returning Officer will continue to receive nominations the next day in Council Chambers at City Hall, between the hours of 10 a.m. and 12 p.m. (noon). This will continue until, at the end of that time, a sufficient number of nominations are received, or until a period of six days has expired.

Acclamation

If at the close of the nomination period the number of persons nominated for any office is the same as the number required to be elected, the Returning Officer shall declare the person(s) to be elected to the office in which they were nominated.

For complete information see section 34 of the *Local Authorities Election Act*.

Official agents and scrutineers

Official agents

When filing nomination papers, candidates may appoint an official agent. The duties of the official agent are those assigned by the candidate.

An individual cannot be appointed as a candidate's official agent if they:

- are already appointed as an official agent for another candidate;
- are also a candidate; or
- have been convicted of an offence under the *Local Authorities Election Act*, the *Alberta Election Act*, or the *Canada Elections Act* within the previous 10 years.

If you need to appoint a new official agent, you must notify the Returning Officer in writing, and provide the official agent's name and contact information.

For more information see section 68.1 of the *Local Authorities Election Act*.

Scrutineers

Candidates may appoint a scrutineer for the advance vote and Election Day to observe the processes at the voting stations. A scrutineer is someone that a candidate appoints to represent them at voting stations, to ensure fairness and transparency, and observe procedures during voting and counting.

Candidates must complete the [Candidate's Scrutineer Appointment Form](#) to provide written authorization of appointment.

Upon attending a voting station, a scrutineer is required to report to the Presiding Deputy Returning Officer (PDRO) or designate at that voting station. The PDRO will examine the *Candidate's Scrutineer Appointment Form*, and the scrutineer will be required to complete [Form 16 - Statement of Scrutineer or Official Agent](#), prior to commencing scrutineer duties at that voting station. Scrutineers may attend more than one voting station and are not to be prevented from performing their duties. Scrutineers will be provided with identification and directed to where they can observe the voting process.

At the voting station

A candidate may only have one representative at a voting station at one time. Either the candidate, a scrutineer, or an official agent may be present at a voting station at one time.

The presiding deputy at the voting station will inform candidates, scrutineers, and official agents where they may observe the voting process.

For more information see sections 69 and 71 of the *Local Authorities Election Act*.

Unofficial and official election results

The unofficial election results will be provided at www.sprucegrove.org/election as the results are forwarded from each voting station.

Election results become official at 12 p.m. (noon) on Friday, October 24, 2025. The official results will be posted at City Hall and at www.sprucegrove.org/election.

Candidates may attend City Hall to view the results as they are coming in.

Recounts

A candidate, official agent, or a scrutineer may request that the Returning Officer conduct a recount of the votes cast at one or more voting stations. The individual requesting the recount shall present the Returning Officer with reasonable grounds for alleging that the record of the result is inaccurate. The Returning Officer will consider the request and determine if a recount is necessary.

The Returning Officer will recount the votes when an application is made and they are satisfied the candidate with the lowest sufficient number of votes to be elected is within 0.5% of the total number of valid ballots for the candidate with the highest insufficient number of votes to be declared elected. The application can only be made by the candidate with the highest insufficient number of votes or that candidate's official agent. The request may only be made 44 hours (October 22, 2025 at 4 p.m.) immediately following the close of the voting station or within 48 hours (October 26, 2025 at 12 p.m. (noon)) after the statement of results is posted.

Judicial recount

An elector may, within 19 days after the close of voting stations on election day (on or before November 8, 2025), apply by affidavit to a judge for a recount alleging reasonable grounds for believing that the Returning Officer or another officer presiding at a voting station improperly counted or rejected ballots. A payment of \$300 must accompany the affidavit.

For more information, see Part 4 of the *Local Authorities Election Act*.

After the election

The newly elected Council will be sworn in at the first Organizational Meeting of Council after the declaration of the official results of the election, which is set to take place on October 27, 2025. The first few months as a Councillor for the City of Spruce Grove will be busy. The City of Spruce Grove Corporate Plan is deliberated each November and approved by the end of the year.
