News You Can Use

Extra organics collection event happening May 26–30

As you clean up your yard this month, you may end up with more yard waste than your green organics cart can hold. To help with seasonal clean-up, the City holds extra organics collection events to provide residents the opportunity to easily dispose of organic materials, and the next extra organics collection event is happening from May 26–30.

To participate, residents must place their extra organics out on their regular waste collection day in a brown paper lawn or yard waste bag. The next extra organics collection events will take place on October 6–10 and November 3–7.

Call for artists to create public mural

The City invites Alberta-based artists and artist teams to submit their proposal for the creation of a public-facing mural at 115 Main Street in Spruce Grove. The location was selected as part of the Call for Walls initiative earlier this year. Proposals will be accepted until Sunday, June 8. Learn more and download the application package at sprucegrove.org/PublicArt.

Save on bills, increase comfort, and improve the value of your home

The Clean Energy Improvement Program is now accepting applications from Spruce Grove homeowners who want to make energy efficient and renewable energy upgrades to their home.

Each eligible applicant can receive up to \$50,000 in low-interest financing, with convenient repayment through their property tax bill. Spruce Grove applicants will also receive a generous rebate of 7.5% of financed costs, applied directly to reduce their total financing amount, when their project is complete. Visit sprucegrove.org/CEIP to learn more.
