Register to vote

Did you know you can check in advance to make sure you are registered to vote in the municipal election this fall? Find out if you are registered to vote by visiting voterlink.ab.ca and if you're not, you can easily register online until August 15! This information will provide the City of Spruce Grove with a list of eligible voters, but don't worry – if you arrive at a voting station and your name doesn't appear on the permanent electors register, you will also have an opportunity to register to vote at that time.

News You Can Use

Property maintenance helps create a cleaner, safer Spruce Grove—let's do it together

Maintaining your property helps keep our community clean and safe, creating a welcoming, attractive place for both residents and visitors to enjoy.

The Community Standards Bylaw provides property owners clear guidance on property maintenance standards. Support your naturalized yard by planting a variety of species, inspecting for noxious weeds, and managing overgrown vegetation.

Get crackin' with the City's urban hen keeping pilot program

The City of Spruce Grove is now in the second year of its urban hen keeping pilot program, which lets residents safely house three to six hens in their backyards. Residents interested in the program will need to apply for a hen keeping licence, follow guidelines to ensure hen health, and keep coops and enclosures in egg-cellent shape.

Hen keepers, similar to pet owners, are responsible for keeping enclosures in good condition to prevent smells, avoid attracting pests and respect nearby neighbours. Learn more about the program at sprucegrove.org/Hens.

Brighten up your neighbourhood with residential boulevard gardening

Got a green thumb, or just want to try something new? The City's Residential Boulevard Garden program is back! This program gives residents the opportunity to plant and maintain a garden on the City-owned boulevard adjacent to their property.

These gardens help add character to neighbourhoods, strengthen community connections, beautify streets, and provide environmental benefits like increasing environmental diversity and pollinating insects. Learn how you can get growing at sprucegrove.org/BoulevardGardens.
