Save on bills, increase comfort, and improve the value of your home

The Clean Energy Improvement Program is now accepting applications from Spruce Grove homeowners who want to make energy efficient and renewable energy upgrades to their home.

Each eligible applicant can receive up to \$50,000 in low-interest financing, with convenient repayment through their property tax bill. Spruce Grove applicants will also receive a generous rebate of 7.5% of financed costs, applied directly to reduce their total financing amount, when their project is complete. Visit sprucegrove.org/CEIP to learn more.

Stay away from the water!

Spruce Grove's stormwater management facilities are not good places to try out your kayak or take the dog for a dip. Constant flow causes water levels to be unstable and unpredictable. Stormwater facilities are not safe for people or pets and access is prohibited at all times. Learn more at sprucegrove.org/StormwaterSafety.

Brighten up your neighbourhood with residential boulevard gardening

Got a green thumb, or just want to try something new? The City's Residential Boulevard Garden program is back! This program gives residents the opportunity to plant and maintain a garden on the City-owned boulevard adjacent to their property.

These gardens help add character to neighbourhoods, strengthen community connections, beautify streets, and provide environmental benefits like increasing environmental diversity and pollinating insects. Learn how you can get growing at sprucegrove.org/BoulevardGardens.
