

BUILDER e-NEWSLETTER

Keeping you informed on the latest building and construction news, featuring City updates on building code, fee changes, and seasonal notices, to make building in Spruce Grove a breeze!

April 2026 Update

Reminders

All new building permit applications for single and semi-detached dwellings (including detached garages) will require a structural engineer stamped roof truss layout and truss profiles, as per the **Standata Building Code Bulletin**.

Ensure all buildings have a temporary walkway from the road or side walk to the building entrance.

All new construction buildings must have a construction fence installed around the entire building/perimeter of site from time of start of excavation to framing (lock up).
